Romano—The Great Gamble.

VOL. 57. NO. 27 VICTORIA, B. C., MONDAY, AUGUST 2, 1920 EIGHTEEN EIGHT-COLUMN PAGES

Canadian Challenge For Race Next July For America's Cup

A. C. Ross, Nova Scotian, Tells New York Yacht Club Canadians Will Have Craft Ready to Race; Subscriptions From Many Canadians Expected.

Toronto, August 2.—A. C. Ross, former member of the House of Commons for Sydney, N.S., has sent a challenge to the New York Yacht Club on behalf of the Nova Scotia Yacht Club, to the effect that he intends to compete for the America's Cup in the Summer of 1921. If the challenge is accepted, it is proposed to have the boat designed by a Britisher, built in Canada and manned by Nova Scotia fishermen.

Aemilius Jarvis, Commodore of the Royal Canadian Yacht Club, Toronto, who has had a long and successful experience as skipper of racing yachts, and who is in conference with Mr. Ross, has intimated his willingness to be the skipper for the next race.

The estimated cost of the new challenger, which will be christened the Maple Leaf, will be over $1,000,000, and the cost of building is to be made the object of popular subscription.

When told about the proposed challenge by a Canadian yachtsman, several celebrated British skippers expressed their willingness to finance the project, but Mr. Ross intends to make the challenging for the America's Cup a matter of national interest and subscriptions will be received from a dollar upward.

Formal Challenge Awaited.

New York, Aug. 2.—Officials of the New York Yacht Club to-day acknowledged receipt of a telegram from Alexander C. Ross, Canadian yachting enthusiast, challenging for the America's Cup in 1921.

George A. Cormack, secretary of the New York Yacht Club, said that the challenge "would be duly received" upon receipt of the formal challenge, which was understood to be in the mails. Mr. Cormack gave no indication as to the probable attitude of the Club.

Ahead of Lipton.

New York, Aug. 2. — (Canadian Press)—Alexander C. Ross, former member of the Canadian Parliament, Saturday challenged for the America's Cup, according to The New York World. The proposal calls for a Canadian-built yacht to come to New York in July of next year.

His challenge supersedes the intended one of Sir Thomas Lipton for another race in 1922.

PREPARING FOR TARIFF INQUIRY

Cabinet Committee Will Hear Testimony at Points Throughout Canada

Ottawa, Aug. 2. — The Cabinet Council this week will make arrangements for the Cabinet tariff committee which will travel the country this Fall and take evidence upon which the tariff will be revised at the next session of Parliament.

Sir Henry Drayton will head the committee and the others probably will be Hon. J. A. Calder and Hon. G. D. Robertson. As Mr. Calder is to go to the United Kingdom shortly he probably will be replaced temporarily in the inquiry by Hon. S. F. Tolmie. It will begin in the Far West early in September.

NINTH MARQUIS OF QUEENSBERRY DIES

Succumbs in South Africa; Eldest Son Succeeds to Title

Johannesburg, South Africa, Aug. 2.—The death here is announced of Percy Sholto Douglas, ninth Marquis of Queensberry.

The ninth Marquis of Queensberry was born October 13, 1868, succeeding to the title on the death of his father in 1900. He was formerly a midshipman in the British navy and later was a lieutenant in the Third Battalion of the King's Own Scottish Borderers. He was twice married and is survived by two sons and one daughter.

His eldest son, Francis Archibald Kelhead Douglas, Viscount Drumlanrig, will succeed to the title. The new Marquis was born January 17, 1896, and fought during the war as a member of the famous Black Watch regiment, being wounded in action in 1917.

Allegations Made.

London, Aug. 2.—According to a Central News dispatch from Johannesburg, Union of South Africa, dated shortly after the death of Percy Sholto Douglas, ninth Marquis of Queensberry, which was ascribed to pneumonia, an affidavit was filed making certain allegations against some of the persons with whom the Marquis was closely connected while in South Africa. The affidavit is not regarded seriously by the criminal investigation department, but its existence retards the disposal of the body.

MEIGHEN SPEAKS IN PORTAGE LA PRAIRIE

"Cheer Up and Get Together," He Advises Canadian People

Portage la Prairie, Man., Aug. 2.—(Canadian Press).—This city to-day left off its daily toil and turned out to welcome the first Prime Minister of Canada to come from west of the Great Lakes.

Hon. Arthur Meighen spent the years of his young manhood as a lawyer in Portage la Prairie, and it was fitting, it was thought, that his own fellow-citizens, from the constituency he represents in Parliament, should be the first to extend to him a formal civic greeting and contratulations on the occasion of his elevation to the highest position in the gift of the people of Canada. Perfect Summer weather marked the occasion.

No Politics.

There was no politics in the reception. It was an honor done a distinguished son and not a political gathering. The City Council and the Board of Trade were responsible for the organization of the day's events and financed the affair, and no one stood aloof for partisan or any other reason. The city turned out in full force and thousands of visitors from Manitou, Carberry, Brandon, Winnipeg and nearby local points came by train and motor cars to lend their presence and their cheers.

The big event of the day is Premier Meighen's open air address, which will be given in front of the grandstand at Island Park at 4.30 p.m. Its nature is a matter of much conjecture, but most people are expecting a straightforward declaration of the Government's policy.

Arrival.

The Prime Minister, accompanied by Mrs. Meighen, arrived here on the Canadian Pacific Railway train at 10.35 a. m. from Winnipeg, where they spent the night. Crowds filled the station platform and the space around it and there were hearty cheers as the Prime Minister left his car, to be welcomed briefly by J. H. Metcalfe, Mayor of the city, and W. R. Wood, president of the Board of Trade.

Without further ceremonies a parade of motor cars, many of them elaborately decorated, was formed to pass through flag-draped streets and beneath evergreen arches to the park. Mounted police and the Portage band led the parade. Premier Meighen rode with Mayor Metcalfe, W. R. Wood and E. H. Muir, Reeve of Portage la Prairie Municipality. Mrs. Meighen rode with Mrs. F. G. Taylor, Mrs. J. H. Metcalfe and Mrs. E. H. Muir. Sir James Aikins, Lieu-

(Concluded on page 16.)

DR. B. E. PORRAS HAS WON PRESIDENTIAL ELECTION IN PANAMA

Panama, Aug. 2.—Dr. B. E. Porras, candidate of the Liberal-Conservative Party, was elected President of the Republic of Panama in the election held here yesterday. His opponent in the campaign was Dr. Cleto Urriola.

Dr. B. Eliserio Porras formerly was President of Panama, and resigned six months ago in order to enter the campaign for re-election.

MAN LEAPED TO DEATH IN STRAIT

Unidentifed Man Jumped from S.S. Princess Charlotte Yesterday Afternoon

Boarded Vessel in Victoria; Efforts to Rescue Him Failed

Seattle Aug. 2.—An unknown man, whose description it has been impossible to obtain, committed suicide by jumping from the steamship Princess Charlotte, bound from Victoria to Seattle, in the Strait of Juan de Fuca yesterday afternoon at 5.50 o'clock. The act was witnessed by a number of passengers. The steamer hove to, threw out a life buoy and lowered a boat, which cruised in the vicinity of the tragedy for half an hour without success.

From the Stern.

The man, wearing an overcoat, was standing at the stern of the ship on the lower deck when he suddenly threw one foot over the rail and threw himself into the churned water in the wake of the ship.

G. G. Klee, 4131 Phinney Avenue, Seattle, was nearest him. He rushed to the pilot house and reported the occurrance to Capt. Griffin, who immediately put the ship about and lowered a boat. The cry of "Man Overboard" and the sudden altering of the ship's course caused some excitement and confusion among the passengers, one woman fainting.

Quick Death.

A brisk sea, heavily white capped, was running at the time, and in the opinion of Capt. Griffin, no man not an expert swimmer would have been able to keep his head above water more than thirty seconds.

After a half hour of fruitless search the boat was taken in and the Princess Charlotiee continued toward Seattle, arriving at 9.35 p.m.

No means of checking the passengers was available except through baggage which might be left behind. A thorough search of the staterooms, decks and baggage failed to reveal any baggage uncalled for.

No Details.

All the passengers who had witnessed the occurrence were closely questioned by Capt. Griffin, but they all asserted that the act was committed so quickly that they were unable to furnish any details concerning the missing passenger's appearance. His body was immediately smothered in the foam in the wake of the ship after it struck the water.

No inquiry has come to the city or provincial police regarding a missing man, so the local officials have no theory as to the identity of the man who leaped from the Steamship Princess Charlotte on the way to Seattle yesterday afternoon and was drowned.

LEVERHULME HEADS BIG NEW COMPANY

British Interests Secure Control of Philippine Cocoanut Oil Companies

Manila, Aug. 2.—British interests have secured control of the three largest cocoanut oil companies in the Philippines, which have been consolidated into the Philippines Refining Corporation, with a capital of $10,000,000.

Lord Leverhulme, chairman of the board of directors of Lever Brothers, Ltd., of England, has become chairman of the Philippines Refining Corporation. Among the directors are Dean Worcester, Carl W. Hamilton, Emilio Aguinaldo and Arville C. Sanborn, the latter representing the Lever Brothers.

Lever Brothers are reputed to be the largest users of cocoanut oil in the world.

GEN. PERSHING MAY HEAD OIL COMPANY

Washington, Aug. 2.—Gen. Pershing is reported to be considering acceptance of an offer to become president of the Pure Oil Company of Columbus, Ohio.

MANY PEOPLE OF CAPE BRETON GREET GOVERNOR-GENERAL

Sydney, N.S., Aug. 2.—Thousands of Cape Breton people joined in hearty demonstrations in honor of the Duke of Devonshire, who visited various parts of the island on Sunday.

MEN FIGHT FIRE IN SLOCAN VALLEY

Nelson, B. C., Aug. 2.—Fire broke out at 3 o'clock Sunday afternoon in slashing of the Renwick Lumber Company on Goose Creek, in the lower Slocan Valley, and for a time threatened the mill. A force of thirty men is fighting the fire, which up to late last night had not caused any loss.

Rumor Two Soldiers of Britain Killed in Danzig

Warsaw, August 2.—Twenty British soldiers assigned to the task of unloading a cargo of war material consigned to Poland refused to continue their work at Danzig, according to Poles who have arrived here from that city. Eighty soldiers were detailed for this duty and the twenty who revolted were arrested by order of the British commander in that port. Sympathizers with the dock workers who refused to unload the ship upheld the British soldiers and protested against their arrest. A great crowd assembled later in the region of the prison where the soldiers were being held and there were rumors that two British soldiers were killed while guarding the men under arrest.

Supporters of striking dockmen are reported to be violent, as feeling has run high since the British have taken a hand in unloading materials being shipped into Poland.

Anti-tax demonstrations in Danzig Thursday evening increased the disorder there, it is said.

LINERS ABANDON QUEENSTOWN STOP

White Star and Cunard Ships Direct to Liverpool; Mannix Affected

Queenstown, Ireland, Aug. 2.—The White Star liner Celtic, due here last night with 800 passengers for this city, has been ordered to proceed direct to Liverpool. It is surmised that the liner Baltic, upon which Archbishop Mannix, of Australia, sailed from New York Saturday, will be directed to take a similar course.

The Press Association says neither White Star nor Cunard liners will call at Queenstown to disembark passengers until further notice.

SS. Caronia.

Belfast, Aug. 2.—The Cunard Line steamer Caronia, carrying some Irish passengers, arrived at Liverpool today on the voyage from New York, instead of going first to Queenstown as has been the custom.

Ordering of the Celtic and Caronia to proceed direct to Liverpool, it is pointed out, will inflict heavy financial loss on the port, where the hotels laid in large supplies for thousands of passengers expected to land from the steamships.

Agents of the companies say their instructions so far only relate to the Caronia and Celtic.

YOUTH DROWNED IN ENGLISH BAY

Vancouver, Aug. 2.—Robert Cross, nineteen-year-old son of Mr. and Mrs. Bernard Cross, of this city, was drowned in English Bay Sunday afternoon while bathing.

CREMATION SEEN AT POONA, INDIA

Body of Late Gangadhar Tilak, Nationalist Leader, Was Burned

Bombay, Aug. 2.—Solemn funeral ceremonies were held late yesterday afternoon over the body of Gangadhar Tilak, National leader and editor of the newspaper Mahratta, of Poona, who died yesterday morning. In the presence of an enormous crowd, the body was placed on a funeral pyre erected on the sea beach at Poona and was burned. This is the first cremation of this kind in the memory of the present generation.

The news of Tilak's death spread rapidly through the city of Poona yesterday morning and great crowds thronged the neighborhood of the hotel where he died. In order that all might see him, he was propped up on one of the hotel verandas.

FORMER GERMAN WARSHIPS REACH NEW YORK HARBOR

New York, Aug. 2.—Hulks of five former German warships allocated to the United States for experimentation and to be destroyed within one year, were due to arrive in New York harbor today. They will be anchored for two weeks in the Hudson River and will be open for public inspection.

After remaining in the Hudson for two weeks, the Frankfort and three destroyers will be taken to Newport News, Va., and the dreadnought Ostfriesland probably will be taken for a tour of the Atlantic and Pacific ports.

ROUMANIA GIVES SOVIET THREE DAYS TO WITHDRAW MEN

Vienna, Aug. 2.—(Associated Press)—Roumania has served an ultimatum upon Soviet Russia, giving the Soviet three days to withdraw its troops from Roumanian territory, according to a Belgrade dispatch received here to-day.

In the event of Russia's failure to comply, it is added, Roumania will declare a general mobilization.

SHIPBUILDING PLANT AT MONTREAL CLOSES

Montreal, Aug. 2.—The Dominion Shipbuilding Company's plant has been closed. It is said labor troubles were largely the cause of the shutdown.

ROBBERY DURING ABSENCE OF FAMILY

Thief Watched Movements of Household Until Chance Came

Having obviously watched the movements of the household for some time, and ascertained when the residence would be vacated, a clever thief ransacked the house of W. S. Fraser, at the corner of Rockland Avenue and Vancouver Street sometime Saturday evening.

The thief evidently knew that the family was away, and that the Chinaman who had been left in charge had left the house, because a thorough search was made by him, and two of the rooms turned inside out. Nothing but jewelry and money was taken, but the value of the jewelry known to have been stolen is considerable, it is stated.

Mr. Fraser returned yesterday from his Summer place at Mill Bay, and found the house ransacked, and the jewel cases broken open and rifled. He at once communicated with the police, Detective Heather being detailed to investigate.

The thief must have laid his plans after careful observation of the household movements, as when he performed the work, he did it in his own time and systematically ransacked the premises. No theory has yet been advanced as to the identity of the robber, but it is thought to be the work of an experienced cracksman.

The value of the jewelry taken cannot be ascertained until Mrs. Fraser returns to investigate what is missing, but it is stated that nearly everything of worth was removed.

SOME COMMUNISTS MEET IN LONDON

Little Group of Extremists Talks About "Dictatorship of Proletariat"

London, Aug. 2.—Agreement was unanimously reached to form a Communist Party in Great Britain, "for the purpose of establishing Communist rule, conferring power on the working classes and controlling all forces of production," at the opening session of the Communist convention here Saturday. Present at the initial meeting were 154 delegates of British Communist organizations.

A resolution was passed stating it was necessary to set up a dictatorship of the proletariat as a means of combatting counter-revolution.

Arthur McManus, who presided, said the establishment of Communism justified whatever means were employed to that end. He declared it was always the counter-revolutionaries who were responsible for bloodshed, since they stood in the way of revolution.

A congratulatory message from James Larkin, serving a term in a New York state prison, was received with enthusiasm.

BANDIT ALARM SPREADS TO WEST COAST VILLAGES

Fear That Barry Has Escaped Across Island by Primitive Trail

Police Plan New Strategy Over Week-end to Catch Cunning Man

Nanaimo, Aug. 1.—Police posses over the week-end have been working out a new strategy to catch James Barry, bold bandit, who has so far beaten the police at every turn since he took to the woods a week ago after the attempted slaying and robbery of S. A. Stoddart, jeweler, in his store at midday on a busy Victoria street, and the shooting at Constable Prowse who tried to halt him in the dark at Wellington Sunday week as he was fleeing north.

What new line of attack the police will take is being kept secret as they plan to make a sudden dash, surprise the desperado and seize him before he has a chance to do any damage.

Fear Escape to West.

The man hunt over the week-end spread to the West Coast of Vancouver Island as it is feared that having thrown the police off the scent by his operations on the East Coast the desperado has made a dash for liberty in the other direction.

It has just been discovered that there is an old, but still well beaten, trail down the Island from the Parksville-Nanaimo district through the woods to the head of Cowichan Lake. From there the trail leads into the Nitinat, and down the river to Cloose and other West Coast points.

Barry, old trapper and woodsman, knows this trail, which is known by few on the Island, except old-timers and those who have spent a large part of their life in the woods.

May Make New Dash.

It is now feared that having stirred up the excitement along the East Coast from Parksville north, he has taken advantage of the rush of the police to the north and their wild hunt in fast motor boats, to slip out of the whole district by the back door, as it were. Those who know Barry here say this is the natural thing for him to do. They say a man such as he, accustomed to the wilds, would be more likely to go off in the wilderness than to rush into urban crowds.

To guard against him breaking through to the West Coast by this almost secret passage through the woods, the alarm is being spread to all the communities within range of the Nitinat.

Indian Launches Available.

The police are greatly alarmed lest Barry has taken this route and eluded them altogether. Except by highly trained men it would be almost impossible for them to follow him through the woods to the Cowichan and down the Nitinat. Bloodhounds

(Concluded on page 16.)

BROTHER OF PRIME MINISTER WARDEN OF PENITENTIARY

Prince Albert, Sask., Aug. 2.—William Meighen, of this city, who was deputy warden of the Edmonton Penitentiary when that institution was closed, has been appointed warden of the penitentiary at Dorchester, N. B. He is a brother of Hon. Arthur Meighen, Prime Minister of Canada. He began his career in the service as accountant at the Prince Albert Penitentiary, and is said to have made a great success of his work.

MAN COMMITTED SUICIDE ON MAINLAND

Edmonds, B. C., Aug. 2.—Lying in the bush near the Jubilee Methodist Church with wrists and throat slashed, the body of W. D. Foster, aged forty-nine, who had been missing from his brother's home at Jubilee Station since Wednesday, was found on Saturday by his two small boys while berry picking.

The late Mr. Foster arrived at the home of his brother, A. E. Foster, from Eastern Canada on Tuesday and he disappeared the following day. The finding of the body seems to point to suicide, a message written on the backs of testimonials together with a hastily-written will, smeared with blood, being found near the body.

Polish Delegation Is at Baranovitchi To Fix Armistice

Advices to Paris From Warsaw Report Arrival of Polish Agents at Meeting Place But Give No Details of Conversation With Bolshevik Representatives.

Paris, August 2.—Polish plenipotentiaries appointed to negotiate an armistice with the Russian Bolshevik Government have arrived at Baranovitchi, where the armistice conference will be held, according to advices from Warsaw.

London, August 2.—Up to early this afternoon no news had arrived in official British or Polish quarters in London to indicate whether the Russian and Polish armistice emissaries had met.

The British Foreign Office is pressing all its representatives in that part of the world for any scrap of news as to what is going on.

Warsaw, August 1.—(Associated Press)—4 p.m.—Doubt was expressed in diplomatic circles here to-day as to whether an agreement for an armistice would result from the negotiations between the Polish and Soviet emissaries at Baranovitchi. It was thought the Soviet authorities were likely to insist upon terms too severe for the Poles to accept.

The Polish delegates carried with them into the Russian lines a portable wireless outfit which they intend to use for communication with Warsaw.

Bolshevik Statement.

London, Aug. 2. — Hot fighting along the River Narew, in the region northeast of Warsaw, is reported in Sunday's official Soviet communique received by wireless from Moscow to-day. The statement reads:

"In the Lomza region fighting is continuing. West of Bialystok the Soviet troops have crossed the Narew and are continuing the pursuit of the enemy. West of Bielsk our troops debouched at the line of the River Nuretz (Nursac), forcing at at several points.

"In the region of Brody our cavalry has advanced as a result of the fighting north of Busk. (Busk is forty-five miles northeast of Lemberg).

"In the Chertkoff region our advance is continuing."

No Correspondents.

Warsaw, Aug. 2.—A wireless message sent by the newspaper correspondents to the Bolsheviki requesting permission to accompany the Polish armistice party had not been granted. Consequently the correspondents remained at Warsaw.

PRICES BEGIN TO FALL IN STATES

Chicago Dispatch Tells of Lower Wheat, Pork and Other Commodities

Chicago, Aug. 2.—The day of miracles has not yet passed. Prices of food and clothing are eventually coming down and if a satisfactory solution can be found for the vexatious fuel problem, the United States will soon begin to find itself on solid ground once more, headed in a definite direction.

Wheat, cotton, dressed pork, clothing, men's shoes and other necessities have hit the toboggan with more or less celerity, and the high cost of living it beginning to show the effect.

Wheat.

Cash wheat showed the most spectacular drop of all commodities. It went off 50 cents during last week, losing 16 to 28 cents Saturday alone. Flour, staging a "sympathetic strike," dropped 50 cents a barrel, which was a reduction of $1.50 a barrel within a week. Oats, rye and other small grains also showed signs of collapse following the action of cash wheat.

Dressed pork at the week-end was $2.02½ per 100 pounds cheaper than it was a week before. Short ribs tumbled 82½ cents in the same period. Potatoes that were selling at $8 a bushel two weeks ago are now plentiful at $4 and less.

Sugar.

Sugar, for which one had to beg the privilege of buying a half pound at a time less than a month ago at 32 and 35 cents a pound, is now plentiful at 21 and a fraction, and some stores are actually giving it away as a premium.

Another sensational and significant drop was shown in cotton, which fell off 42 to 69 points in Saturday's trading. This will be of great benefit to consumers and foreshadows cheaper white goods, but if the drop continues it will produce a harmful financial reaction throughout the Southern States, where those planters who have secured big loans in advance of their crops must meet loans.

AUSTRALIAN ROMAN CATHOLICS' LOYALTY

Brisbane, Australia, Aug. 2.—Monsignor Cattaneo, Apostolic Delegate to Australia, and Archbishop Duhig, of Queensland, visited the Prince of Wales last week and formally presented the homage and devotion to the throne of the whole Roman Catholic community of Australia.

SHAMROCK IV. TO BE SCRAPPED AFTER FAILURE TO WIN

New York, Aug. 2.—Shamrock IV., Sir Thomas Lipton's unsuccessful challenger for the America's Cup, was towed from her moorings in the Hudson River today to City Island, to be dismantled and probably scrapped.

Police estimated that 32,000 persons visited the green yacht yesterday, hundreds coming long distances.

BARTER BASIS FOR ROUMANIAN GOODS

Ordinary Trade With Roumania Out of Question For Canadians Now

Ottawa, Aug. 2.—(Canadian Press).—Trading with Roumania is practically out of the question at the present time, owing to the exchange situation. In the weekly bulletin of the Department of Trade and Commerce, the Canadian Trade Commissioner in Roumania states that the Roumanian lei, which has a par value of approximately nineteen cents, is now quoted at between two and two and a half cents. He states that negotiations are in progress with a view to the exchange of products on a barter basis.

The Commissioner states that a transportation crisis prevails in Roumania, due chiefly to the deficiency of locomotives in good working order. When the Germans and Austrians evacuated Roumania they took with them most of the locomotives in running order, and though Roumania subsequently obtained many from Hungary, they were not suitable. The result is that Greater Roumania, with a total of 42,500 miles of railway, has only about 200 locomotives in good working order.

SAYS CONDITION OF OF CANADA GOOD

Meighen Declares Dominion Prepared to Withstand World Stringency

Fort William, Ont., Aug. 2.—"There is no cause for apprehension in respect to the financial condition of Canada," said Hon. Arthur Meighen, Canada's new Prime Minister, here Sunday.

"Business opinion anticipates a general world contraction. Business opinion is not always correct, but in any event Canada is in a better condition to withstand a world stringency than any other country, with the possible exception of the United States.

"I do not base this contention entirely upon the tremendous natural resources which we possess, but mainly on the character and resourcefulness of our people. To the prime commensense and great capacities of the Canadian citizen do I refer the maintenance of stable times in the Dominion."

Treaty With Turkey is To Be Signed Thursday

Paris, August 2.—The treaty of peace between the Allies and Turkey will be signed Thursday, according to newspapers here.

Constantinople, July 31.—(Associated Press)—Damad Ferid Pasha, Grand Vizier, has announced the formation of a new Cabinet, composed largely of members friendly to British interests. According to political observers Damad will be Minister of Foreign Affairs and Acting Minister of War. He is the only member brought over from the old Cabinet.

The Turkish newspapers announce that the day when the treaty is signed will be observed by the Turks generally as a day of mourning.

Press Conference Told Canada is Self-Reliant

Quebec, Aug. 2.—(Canadian Press).—That Canadians were equal to any task which confronted them in working out the destiny of the nation, even when the task looked several sizes too large for them, J. W. Dafoe, editor of The Manitoba Free Press, assured the overseas delegates to the Imperial Press Conference at a dinner given here last night by the overseas delegates in honor of Captain Waite and the officers of the steamship Victorian, on which the party traveled from the United Kingdom, and the Canadian newspapermen who are their hosts.

Canada's responsibilities as a nation were proportionate to the size and potentialities of the country, said Mr. Dafoe, but the two great races from which the Canadian people were sprung would work eventually in close co-operation, he was assured, to work out the destinies of the Dominion.

Colonel R. F. Parkinson, who was guest of honor as the liaison officer of the Canadian executive committee and who traveled across the Atlantic with the party, received high praise from Lord Burnham for his services.

WOMEN GRADUATES MEET IN TORONTO

Federation of University Women Will Hold Convention August 25-27

Winnipeg, Aug. 2.—The first triennial meeting of the Federation of University Women in Canada will be held in Toronto August 25, 26 and 27. Winnipeg's delegates will include the Dominion president, Mrs. R. F. McWilliams; Mrs. Luther Lennox, Miss Elsie Moore and Miss Josephine Parkin. It is expected that the meeting will be attended by university graduates from every part of Canada.

Important items on the programme will be the presidential address, business report, reports of committees, including those on recognition, libraries and vocations for college trained women; conference on the work of the Federation, and the address of the fraternal delegate from the American Association of College Women, Miss Julia Lathrop, director of the Federal Child Welfare Bureau of the United States, probably will be the delegates from the American association.

Miss Jessie Dykes, Canadian delegate to the International Federation of University Women meeting in London recently, will give a report.

As well as the feast of reason, the Toronto hostesses have arranged some delightful social functions.

LETTER-CARRIER FOR THIRD OF CENTURY

Middletown, N. J., Aug. 2.—John Adams, veteran letter-carrier of this town, has announced that he is going to retire. Adams has been a letter-carrier thirty-three years. His associates in the postal service estimate he has covered an average of five miles a day in that period. He entered the service in 1887, and has been carrying mail ever since. He has walked altogether 60,000 miles, or more than twice the distance around the world, in those thirty-five years.

Here is what Adams had to say about it: "Walking is good exercise. It has kept me in excellent health. But I am getting old, and a younger man will have to take my mail bag."

U.S. CONFEDERATE CURRENCY IN BERLIN

Berlin, July 31.—Via London, Aug. 2.—American Confederate currency in large quantities has been discovered in circulation in Berlin and other parts of Germany. Outlawed paper money has found ready takers among the unsuspecting, who have rapidly exchanged it for marks at current rates. One merchant is known to have given 28,000 marks for a bundle of Confederate bills.

The American Chamber of Commerce here has issued a warning urging Germans and all others to have American money carefully inspected by banks before accepting it.

WOMAN DRANK AND CUT HAIR IN STREET

New York, Aug. 2.—"Conduct to the prejudice of good order and to the Eighteenth Amendment and Volstead Act," would be a good way to describe the behavior of Mrs. Catherine McPartland, who in the midst of a large crowd in the uptown district sheared her bronze hair from her head to the tune of "Pop Goes the Weasel," as she tossed the strands into the street.

In court she asked the judge if she looked prettier with her hair bobbed. That stumped the court.

"Shun this stuff they are selling these days," he warned her. Sentence suspended.

DIED OF INJURIES.

Nelson, Aug. 2.—John Wertelko, stable boss of the Baskin Steedman Company, lumber operators on Eagle Creek, has died from injuries received late Friday night, when he struck a tree with his head while coasting down the company's flume on a board.

COAL FIELD IS SCENE OF CONTEST

Miners in West Virginia Out and Mine Owners Will Not Budge

Williamson, W. Va., Aug. 2.—The campaign of the United Mine Workers to organize the 5,000 miners in the Mingo County bituminous coal field has precipitated a situation which each side declares can only end when it has won complete victory. In the conflicts growing out of this move twelve or more persons have lost their lives. Wages apparently form a secondary consideration, the battle being waged around recognition of the union and the right of mine owners to employ private detectives in and around the mines.

"The men and the operators could get together and settle this thing were it not for the question of the mine guards," said Charles F. Keeney, president of District No 17, United Mine Works, who is in command of the union forces. "But in their present temper these men are not to be fooled with. Right now this situation is a powder mill."

No Guards.

"There is not a mine guard in Mingo County, and there has not been for years," said George Bausewine, secretary of the Coal Operators' Association, of Williamson. "Private detectives are employed as other corporations employ detectives for intelligence work in and around their properties. They are not used for guarding the mines."

The question of wages hinges on the scale paid in the Kanawha field. The union leaders declare that adoption of this scale would increase the earnings of the miners in Mingo, while the operators insist that their miners, under the scale now in force, are being paid more than it is possible for the Kanawha miners to earn. However, little attention is being paid to that phase of the controversy. Recognition of the union is the big issue.

Mountainous.

The Mingo field includes all of Mingo County and the mines along the Kentucky side of Tug River, a shallow narrow stream which for miles in this region forms the boundary between Kentucky and West Virginia. High mountains rise abruptly on each side of the river, their sides covered with a heavy growth of bushes. Along the mountain sides are the drift mines from which comes the coal, and nestling in the narrow valley are the little towns where live the miners and their families.

Fully seventy-five per cent. of the miners in the region are native born, many of them the descendants of pioneers who entered the county more than 100 years ago, and who are proud of their lineage. Some foreign-born miners can be found in the camps, while numbers of negroes are employed. Often the miner owns a small acreage, for which in the planting and harvesting seasons he will abandon the mines.

Brick Cottages.

In some places the miners live in brick cottages, each having its garden plot and front porch. Such a village is Bordertown, where a short time ago miners were fired upon from the mountainside while going to work. In other villages the houses are of frame construction, each set in its own garden plot, and for which the miners pay at the rate of two dollars per month per room.

Williamson, the centre of the region, is pleasantly placed in the valley, with substantial buildings and good stores. The Mingo County courthouse is one of the best structures, but the City Hall also is a complete office building, while there is in course of construction a theatre which will cost $250,000. The 8,000 residents of the town very generally enjoy the prosperity which has come to the coal trade in the past few years.

The move to organize the workers was started early this year. Later, when the organizers had made progress a strike was called.

MOTHER DIED.

Columbus, Ohio, Aug. 2.—The mother of twenty-two children, including six pairs of twins and one set of quadruplets, Mrs. Mary Durrington, aged thirty-nine, has died at her home here following the birth of a stillborn child. Only five of her twenty-two children survive.

Increases Your Weight, Restores Lost Strength, Prevents Illness

Every day come new converts to that great army of men and women who rejoice in new-found health that came to them through the use of that wonderful, blood-renewing preparation called "FERROZONE." Very simple how it acts. All you have to do is take two small chocolate-coated tablets with a sip of water at the close of each meal.

Ferrozone is a marvel. It contains just what thin blood lacks—lots of iron, but mark you the kind of iron your blood is able to absorb. Ferrozone puts life and vim into the blood. Makes it rich, red and nourishing. Naturally the body is better fed and grows stronger day by day.

Of course digestion must be improved, and probably the stomach will require aid as well. Ferrozone serves the purpose admirably. Those who use it, enjoy appetite and digestive powers far beyond the ordinary.

That tired feeling is replaced by the buoyant, joyous sensation of health and vigor. Day by day as your strength increases, you feel new energy surging through your veins, and know that a great tonic of great merit is at work.

No remedy more nourishing or uplifting, no treatment so sure to bring lasting health, good spirits and contentment. Ferrozone contains just what run-down folks need; it cures because it supplies more nutriment than you can get in any other way. 50c. per box or six for $2.50 at all dealers, or by mail from The Catarrhozone Co., Kingston, Ont.

A Warning!

There is every prospect of a coal shortage next Winter. We urge our patrons to place liberal orders now for immediate delivery, so that the shortage period will cause no inconvenience.

RIOTS CAUSED BY IRON SHUTTERS

Christians in Turkey Suffer Because of Noise of Store Fronts

New York, Aug. 2.—A letter received here from an American in Constantinople says iron shutters probably have caused more rits, massacres and pogroms in the Levant than political agitators.

All shops in the Near East are provided with rolling iron shutters which work in iron grooves. When they are banged down they make as much noise as a machine-gun. Every time there is rumor of any sort of trouble some timid merchant slaims down his shutters to protect his plate glass. Without investigating the cause, other merchants follow instantly, with such a clatter that the public becomes panicky and rushes about trying to discover the cause of the flurry.

At such moments, excited crowds will credit any rumor which is put into circulation. Pickpockets avail themselves of such opportunities. Soapbox orators, street fakirs and magicians gather crowds by this device, says the writer. In any Turkish city the circulation of a rumor that a movement is to be started against Christians will cause all the Armenan and Greek shops to close within a few minutes, and frequently the noisy closing of the shops fans the religious hatred of the Moslems into action.

PEOPLE NOT BUYING EXTRAVAGANTLY NOW

Many Storekeepers in United Kingdom Find Themselves Overstocked

London, August 2.—People of this country have determined upon a policy of strict economy, resulting in a considerable increase in the number of bankruptcies during the last few months. These failures have occurred not only in London but also in the provinces. Business men, however, are confronted by the fact that the aggregate number is far below the total for pre-war years, the figure for 1919 being 737 as against 2,856 for 1914.

While many reasons are advanced for this state of affairs, the most acceptible one in business circles is the attitude of the buying public, which has decided only to purchase absolute necessities. In consequence, traders who have purchased large stocks of goods at fancy prices in anticipation of quick and handsome profits, find themselves with "white elephants" on their hands and a non-buying public.

The goods have had to be disposed of frequently at a big loss.

Ex-Soldiers.

The recent bankruptcies included a number of demobilized men who started business with the proceeds of their gratuity and small savings. These men, for the most part, were inexperienced in the ways of trade, and when a severe test came, they were forced to close their doors.

A woman proprietor of a high-class millinery shop in Bond Street explained recently that wealthy women who before the war bought generously in such specialty shops as hers, were unable to do so now because of the tremendous increase in the cost of living, wages for servans, etc. These women now are only purchasing the necessities, the business woman added.

From every trade comes the report that shopkeepers and business houses generally find themselves overstocked with goods, purchased in hope of a big buying season this Spring and Summer.

Spot Cash and Big Values at Mallek's

DAY in and day out, Mallek's give the women of Victoria bigger and still bigger value for their cash. And not only bigger, but better also, in order to prove that cash buying is the best of buying.

That the women of Victoria are taking advantage of our cash buying and selling is proven by these items for Tuesday's selling:

Silk Dresses at $25.00

TO EXPLORE IN NORTH GREENLAND

Lange Koch, Danish Scientist, Will Remain There About Two Years

Copenhagen, Aug. 2.—An attempt to reach North Point and thus complete the Danish exploration of North Greenland will be made by Lange Koch, the young Danish scientist and Polar explorer, this Summer. The aim of his expeditions, which is expected to last about two years, aside from scientific purposes, is to secure Danish sovereignty of all Greenland.

Koch, who in the capacity of geologist participated in Knud Rasmussen's last expedition, hopes to reach Inglefield Gulf by motorship and in August or September will endeavor to establish a depot 250 miles northeast of there. A mechanic will be the only white man to accompany him, the other members of the expedition being Eskimos.

Henry Ford has placed an ice-crawling tractor at Koch's disposal.

LETHBRIDGE G.W.V.A. IS GIVEN $10,000

Lethbridge, Aug. 2.—Ten thousand dollars has been received by the Lethbridge branch of the Great War Veterans' Association from the Government of Alberta. This money has been given to the local veterans to pay for their present club house and was promised by the Government some time ago.

MANITOBA REDUCES FUR ROYALTIES

Winnipeg, Aug. 2.—Weakness of the American fur market, with its reflex action upon the sale of furs in Manitoba, has resulted in the Provincial Government readjusting the scale of royalties taken on furs originating in Manitoba. A new schedule of royalties, reduced to approximately fifty per cent. of the tax as imposed at inception of the Act last Spring, has been made effective by an Order-in-Council.

CALLS THE EMPIRE LEAGUE OF KINSMEN

G. I. Isaacson Addresses Eastern Luncheon in Honor of Press Conference

Fredericton, N.B., Aug. 2.—George I. Isaacson, general secretary of the Society of Operative Printers of Great Britain, speaking at a luncheon given in honor of the delegates to the Imperial Press Conference in the executive chamber of the New Brunswick House of Parliament in Fredericton Saturday, said that the British Empire was more than a league of nations. It was a league of kinsmen, and therein lay its power.

In the United Kingdom, said Mr. Isaacson, we are too much prone to put our democracy on a pedestal with a glass case over it and kneel down and worship it. In Canada you take your democracy out on the step and have a chat with it. This is the spirit which must be followed everywhere if we are to keep the democracy your soldiers and ours fought and died to win. People in high places must walk with people in low places.

Mr. Isaacson forecasted a revolution in Great Britain, but he said it would be a bloodless revolution in which the shots would be those of the polling booth.

Ireland.

R. A. Anderson, a Scottish-American, for many years editor of The Irish Homestead, Sir Horace Plunkett's newspaper, stated that Irishmen of moderate views were endeavoring to build up a body of public opinion which would refuse to bring either politics or religion into their discussions and whose one aim would be to make Ireland a prosperious and useful part of the British Empire.

"We hope," he said, "that the present condition of unrest in Ireland may be allayed by the peaceful methods we mean to employ."

SAYS KING EDWARD MADE AN EFFORT

Von Hoetzendorff Says He Once Tried to Wean Austria From Germany

London, Aug. 2.—A dispatch from Kempten, Bavaria, states that in a speech there General Conrad von Hoetzendorff, former Commander-in-Chief of the Austro-Hungarian army, declared that the late King Edward VII. once tried to persuade Emperor Francis Joseph of Austria-Hungary to break away from Germany. He added that the fidelity of Francis Joseph to the German-Austrian alliance was often questioned, but, in spite of many temptations, he had remained faithful to the pact.

"Fifteen years ago," he went on, "when I had just become Chief of the General Staff, the Emperor remarked to me in his peculiar way, 'Do you know that King Edward has been visiting me at Ischl and earnestly trying to wean me away from our alliance with Germany? But I refused.'

"The Emperor saw the war danger coming, but he kept true to the alliance, whose spirit still lives in our nations. What has existed for more than thirty years in peace and war will never die out. Such a country as Germany can never perish, and Austria will always stand by her side," declared Hoetzendorff.

BRESLAU MONUMENTS DESPOILED BY THIEVES

Breslau, Germany, July 31.—Via London, Aug. 2.—Unable to check the despoiling by metal thieves of monuments in the public parks, the police have decided to remove to places of safe-keeping all bronze statuary which can be easily transported. Among the statues of great men placed under "protective arrest" are those of Germany's nature poet, Eichendorff, and Koerner, composer of war songs.

A huge statue of Diana has been mutilated, the vandals having wrenched off her spear. They tried without success to cut off her arms.

Many brass and bronze inscription tablets have been stolen.

LIFE IN GERMANY VERY MUCH CHANGED

State Functionary Says His Family Lives Like That of Laborer

Berlin, July 31.—How the erstwhile well-to-do live in present-day Germany is described in The Allgemeine Zeitung by an elderly high state functionary, a married man with a family, who says that although he belongs to the upper 30,000 in Prussia according to the income tax schedule, his style of living has been reduced to that of a plain laborer.

"I own a fine mansion in a fashionable Berlin suburb," he writes, "but we have been obliged to let four rooms furnished, and will have to restrict our own apartments still further.

"Before the war we breakfasted on eggs and bacon, white bread and butter and tea with cream and sugar. Now we have to content ourselves with thin gruel, black bread, no butter or sugar, and the nondescript 'official' jam.

No More Joints.

"Only once or twice a week does meat appear on the dinner table; never a joint. Wine has been abolished. Supper consists of porridge, herrings or cheese. Before the war the family used seven pints of milk daily; now a quarter of a pint is the allowance.

"Clothes are worn threadbare. My son mends my shoes and my daughter cuts my hair.

"Letter writing has become too expensive. I tear off unused half sheets of letters received and use old envelopes, inside out.

"Baths are cut down to one-half.

"We can no longer afford to entertain company to meals; we meet our friends after supper."

The present lean times, the writer confesses, have not impaired his health very much, although he says he has become "somewhat spare in body."

STUDEBAKER DIVIDEND

New York, Aug. 2.—The regular dividend on Studebaker of $1.75 on common and preferred has been declared. It is payable on September 1 to stock of record of August 10.

WATCH YOUR GUMS—BLEEDING A SIGN OF TROUBLE

Medical science knows how serious is the sign of bleeding gums. For it knows that tender and bleeding gums are the fore-runners of Pyorrhea, that dread disease which afflicts four out of five people over forty.

If the disease is unchecked, the gum-line recedes, the teeth decay, loosen and fall out, or must be extracted to rid the system of the Pyorrhea poisons generated at their base—poisons which seep into the system and wreck the health. They cause rheumatism, nervous disorders, anaemia, and many other ills.

To avoid Pyorrhea, visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has already set in, use Forhan's according to directions and consult your dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

FORHAN'S, LTD., Montreal

MINISTER FOUND BY RESCUE PARTY

Kaslo Methodist Pastor Had Unpleasant Experience on Mountain Summit

Nelson, Aug. 2.—After being lost a night and a day on the summit of Kaslo Mountain, the night including the worst thunderstorm of the season, Rev. Robert Hughes, Methodist pastor at Kaslo, was found by search parties Friday night on Campbell Creek in a state of prostration, according to word brought down from Kaslo. The minister had gone out mountain climbing with fifty boys and girls, and remaining behind with some weaker one, later insisted on completing the trip to the summit by himself after the main party had come down.

He recovered under the ministrations of the rescue party.

VANCOUVER ISLAND NEWS

New Lodge Officers.

Saanichton—A number of Masons assembled at Saanichton on Thursday for the constitution of the new lodge, Mount Newton No. 89, A. F. & A. M. W. S. Terry, Deputy Grand Master of the Province of British Columbia, assisted by other grand lodge officers, performed the ceremony. The installation of the officers of Mount Newton Lodge No. 89 also took place. At the conclusion of the ceremony all those present adjourned to the Agricultural Hall, where refreshments were served.

Sidney Lodge A. O. U. W.

Sidney—The Sidney Lodge of the Ancient Order of United Workmen will be instituted on Friday evening, August 6, when members of the order from Victoria will be present to confer the Workman degree. The installation of officers will also toke place at this meeting.

Ladies' Aid Meeting.

Sidney — The Ladies' Aid of the Methodist Church will hold a concert and moonlight serenade next Tuesday evening at the grounds of Mr. and Mrs. J. T. Taylor, Fifth Street, commencing at 7.30 o'clock.

Opens Branch of Bank

Campbell River—Campbell River is the centre of a very busy district this Summer, and it is increasingly becoming the centre for industrial developments up-Island from Courtenay. It is this large body of business that the Canadian Bank of Commerce is catering to in opening up a branch at Campbell River in the old store of the Campbell River Trading Co.

Mr. Robertson, of the staff at Courtenay, is now in charge there until he can be relieved. The Canadian Bank of Commerce is first in the field, most of the accounts going through Vancouver agencies heretofore, a considerable inconvenience owing to the boat service not being regular. This enterprise should be rewarded with a large volume of business.—Comox Argus.

INSTANT POSTUM

"There's a Reason"

SIXTEEN THOUSAND TEACHERS BEHIND NEW PRESIDENT

H. Charlesworth Honored With Leadership of Canadian Teachers' Federation

Harry Charlesworth has just returned to the city after a two weeks' tour through British Columbia and Alberta, during which time he attended the Inter-Provincial Conference of Teachers, held in Calgary. As a result of this conference an organization of teachers was formed to include all the Provinces of the Dominion, to be known as the Canadian Teachers' Federation, and Mr. Charlesworth was honored by being unanimously elected as the first president of this imporant body. Representatives were present from the four Western Provinces and also from Ontario. These members represented 16,000 organized teachers of the Dominion.

Constitution Adopted.

A constitution was drawn up providing for the union of these five Provinces at the present time with provisions for the admission of the Maritime Provinces and Quebec. Each Provincial Federation will have full control of all matters peculiar to each Province but common action will be taken upon those questions which effect the whole of the teachers of the Dominion. As education is a provincial matter in Canada, and as conditions vary throughout the Dominion it would be impossible to have absolute uniformity on all questions, but upon the important fundamentals concerning education and the teaching profession it was thought to be of immense advantage to have a Dominion-wide organization, which would seek to provide for co-ordination and co-operation between all Provinces in order to bring all to a uniformly high standard. The constitution provides that each provincial organization may submit any question for the consideration of the Canadian Teachers' Federation. It was clearly brought out during the conference that much good can be accomplished by the Dominion-wide Federation, for there are many cases in which it was discovered that one or more Provinces had obtained improvements in their educational

(Concluded on page 5.)

BOYS' CAMPS CLOSE AFTER VACATION

Y. M. C. A. Beaver Lake Camp Proved Outstanding Success

Located in the heart of the woods, with the peace and charm of Beaver Lake overlooking all, the Boys' Camp of the Y. M. C. A. this year proved to be one of the most outstanding successes of the season. The camp was run in five weekly periods, under the direction of Harold C. Cross, boys' work secretary of the institution, and reached its peak in the closing week, when fifty-seven boys were in camp.

Altogether 110 boys attended, and the healthy, happy and bronzed appearance with which they returned to town speaks much for the food and carefully supervised exercise at the camp. The boys were under their own leaders for all play and work, assisted by the directors of the camp where necessary. Among the leaders for the current weeks were D. Battrick, N. Goff, A. Saunders, D. Smith, H. McRae and G. Steacy.

Adhere To Pogramme.

All during the period a carefully prepared programme of training was worked out, combining the maximum amount of healthy exercise with the variety of entertainment dear to the heart of the average boy. Cooking facilities were in the hands of a professional cook, who certainly managed to satisfy the most exorbitant wishes of her charges. Plain food and abundance of it was the rule, while cookies and some of the lighter and more luxurious fare was not overlooked.

Boating and swimming in the Beaver Lake and Reservoir formed two of the main attractions to the lads, who spent every minute that they were allowed on, or in, the water. Bathing was strictly supervised by a patrol body of expert swimmers, and no boys were allowed in boats if they could not swim. Physical training in all its various forms was carefully observed, and as a result of the happy blending of play and exercise the boys redoubled in health.

Ideal Site Selected.

The Beaver Lake camp was one of the most successful held by the Y. M. C. A. in years, and erected in a site that was admirably suited for the purpose. Completely shut off from the outside world, the camp lay in the middle of a pine wood, on the borders of the lake itself, while a little to the north of the camp the reservoir offered first class facilities for bathing.

Mr. Cross explained to The Times that the reservoir was ideal as a bathing place, the water being excellent and the depth being very easily regulated and maintained. It would make an excellent system of public baths, with just a few minor improvements and facilities, it is said. The boys took the reservoir as their choicest possession and used it every minute of the day that they were permitted to enter the water.

Girls to Camp Later.

The camp is to be taken over immediately by the 'teen-age girls, under the auspices of the Girl's Co-operative Council of this city. Miss Harvey, girl supervisor at Vancouver has been detailed to manage the girl's camp, which will run along similar lines to that of the Y.M.C.A. boys, for the next few weeks.

On Saturday last, the boys were guests to their friends and parents, and provided an entertainment of sports and aquatics that drew a considerable number from town to the quiet peace of Beaver Lake. The party leaving from town were taken out in cars loaned by the directors and others, including Fred McGregor, Alderman Johns, H. T. Knott, R. Chave and R. W. Mayhew. Alderman Johns had the misfortune to puncture his rear tire while on the outgoing trip, but got under way later.

On Saturday afternoon the directors of the Y.M.C.A., and a large number of the parents of the boys, journed to the camp and there were royally entertained by the lads themselves. Aquatics formed the opening part of the programme, when the boys contested in swimming, diving and boating trials, enlivened by several comedy events that created much merriment. Three canoe tilting, splash and dash race, and the comedy trippers, all created much fun, while some of the swimming and diving events by the older lads were very capably executed.

Sports Programme.

A field sports programme followed the aquatic display, and was carried on until a picnic supper on the point by the lake, in which all joined with a will. The piece de resistance of the evening was a hotly contested baseball game between the invincible Hobboes, and the All-Stars, which after a number of innings ended in a big surprise for the visitors.

Camp fire songs and general choruses closed the proceedings, the boys and their parents returning to the city by cars, in the later part of the evening. The boys' camp closes officially to-day, and has proved, says Harold Cross, one of the most useful works that the local institution has ever performed. It is to be hoped, in the interests of the lads themselves, that the city will accord facilities to the Y.M.C.A. every year, as the latter are said to be willing to go to the expense and trouble of an annual boy's camp if given the same ideal site for the purpose.

The following are the winners of the various contests, which were oper for campers only:

Junior.

Fifty-yard Swimming Race—1st, Glendenning; 2nd, Hanson; 3rd, J. Kesson.

Fifty-yard Swimming Race on Back—1st, Hanson; 2nd, J. Kesson; 3rd, F. Hughes.

Plunge for Distance—1st, R. Young; F. Hughes and J. Kesson, tied.

Ball throw—1st, F. Hughes; 2nd, Young; 3rd, Hanson.

Senior.

Fifty-yard swimming race—1st, Sparks; 2nd, Sherwood; 3rd, Ross.

Fifty-yard swimming race on back—1st, Sparks; 2nd, Ross; 3rd, Sherwood.

Plunge for distance—1st, Sparks; 2nd, Stevenson; 3rd, Ross.

Baseball throw—1st, Hardwick; 2nd, Bradshaw, 3rd, Ross.

Wallace Reid has returned from his vacation and begun work on "The Charm School," a picturization of Alice Duer Miller's story. The plot deals with the perplexities of a young man who falls heir to a ladies' seminary.

A CANADIAN CHALLENGER.

Mr. A. C. Ross, who on behalf of the Nova Scotia Yacht Club has sent a challenge to the New York Yacht Club to race for the America Cup in 1921, will have no trouble in raising by popular subscription the million dollars which it is estimated will be required to pay for the construction of a boat and to meet other expenses incidental to the contest. It is the intention of the challenger to have the yacht designed by one of the famous British yacht designers, built in Canada and manned by Nova Scotia fisherman. Commodore Aemelius Jarvis, of Toronto, has expressed his willingness to be the skipper of the challenger.

If the challenge be accepted and a Canadian yacht built for the 1921 races, she will be followed to Sandy Hook by an abundant measure of confidence from this side of the line. Canadian yachts and yachtsmen have more than held their own in the various international contests in which they have been engaged on the Great Lakes and on the Atlantic seaboard; in fact in these events, for the most part, they established a very definite superiority. Moreover, a Canadian-built yacht would not suffer from the handicap imposed by the necessity of crossing three thousand miles of ocean, while she would be sailed by men as familiar with the meteorological conditions of the Atlantic coastline as the Americans are and who have no superiors as sailors in the world.

SATURDAY'S DEMONSTRATION.

To the average reader of Saturday's dispatches it may have appeared that the whole of New York gave itself over to a public holiday in honor of the departure of Archbishop Mannix for Ireland. It is quite obvious that an enthusiastic crowd gathered about the precincts of the White Star docks in order to cheer the Irish Republic and to wave bon voyage to the Australian prelate, whose defiance of British authority and his insults to the Prime Minister have attracted a good deal of attention. But only a very small part of New York is interested in Archbishop Mannix. It would be safe to say that fifty per cent. of the crowd that watched the Baltic steam out to sea knew as much about the Australian sedition monger as it did about the King of Benin. So far, however, Dr. Mannix has had full rein to preach his mission to the United States, but his troubles will commence when the good ship Baltic arrives at Queenstown.

THE JONES BILL.

The United States Interstate Commerce Commission has suspended the operation of certain portions of the Jones Shipping Bill concerning discrimination against foreign ships by the railroads in the matter of their maritime communications. We predict that the suspension will be permanent, since there is no doubt the Jones Bill if it should survive the examination of the Supreme Court of the United States, to which it is bound to go, ultimately will become almost riotously unpopular in the country it is fondly expected by its promoters to benefit.

Notwithstanding the development of American shipping in consequence of the abnormal stimulus of war conditions, the republic must depend very largely upon foreign shipping for the maintenance of its foreign trade, now running to eight or ten billions a year. The curtailment of that shipping would mean the curtailment of its foreign trade, the curtailment of industry at home and serious economic stress. There can be no doubt of what choice a very large majority of the people would make between those alternatives, no matter how frantic might be the appeals of Senators and Congressmen who live on the seaboard.

The blunt truth is that the United States never can develop a mercantile marine large enough to supply American needs, unless it can develop a nation-wide sentiment for one. That it cannot do, because the great bulk of its people are not, and never can be, a maritime people; they have interests which they consider much more important than constructing and operating ships at excessive costs and rates, and they certainly will not permit the Government to sink billions in such an enterprise while they need railroads, box cars, good roads and many other things. Senator Jones is trying to do the impossible. He is fighting against nature and even a Washington Senator cannot overcome nature.

A BANDIT AT LARGE.

It is quite true that the police have failed to lay Mr. Stoddart's brutal assailant by the heels. Nor could the would-be assassin choose a more favored spot in which to lead his pursuers a merry dance than the wooded localities of Vancouver Island. At the same time failure to apprehend him up to the present is no excuse for the hysteria which appears to have seized the minds of quite a number of people. In fact the extraordinary edict has gone forth that it is not safe for visiting autoists to travel on the highways of the Island until the police have succeeded in their quest, until the desparado has been placed behind the bars. With the major part of that section of the Island in which his whereabouts have been traced almost hourly patrolled by officers of the law and their willing helpers, very little harm is likely to come to the itinerant holidaymaker. To warn off all who would enjoy the beauties of this Island at a most favored time of the year because a cowardly malefactor is at large creates a scare that seems hardly to be warranted and offers no compliment to the police.

A CANADIAN MARINE.

A recent dispatch reporting the proceedings of a meeting of British shipowners said the Canadian Government's policy of embarking in the mercantile marine as a national enterprise was resented by the gathering and the prediction was made that it would end in a costly failure.

The Government's venture into the marine transportation business is the inevitable consequence of its participation in the business of land transportation. Owning two trans-continental railway systems it quite naturally feels it should own the maritime connections of those railroads, just as its great rival, the C. P. R., owns and controls the ships by which it is enabled to girdle the world with its own transportation service.

But apart from the business aspect of the enterprise the promotion of a Canadian mercantile marine in the interests of this Dominion is a national obligation. The Canadian people expect the Canadian Government to put and keep their interests in the first place, and that is what it is doing in trying to develop for Canada an important merchant marine.

OTHER PAPERS' VIEWS

A FAMOUS CHART.

(Glasgow Herald.)

Earl Beatty's chart of the sea from Peterhead to the Pentland Firth, which was used by him at the Battle of Jutland, has just been disposed of at Christie's for the insignificant sum of 160 guineas.

With Earl Beatty's private markings on it, the chart will yet prove of great historical interest and value. The smallness of the price paid has caused keen disappointment, which will become more widespread when it is realized that the chart will very likely leave this country. The purchaser was the American Consul here, and he along with another prospective buyer were the only two at the sale who thought it worth while bidding for the chart.

The chart was presented to the War Seals Foundation by Earl Beatty, and was on view for a considerable time at a war trophies exhibition here. It was put up for sale by the War Seals Foundation.

A LACK OF PHILOSOPHY.

(From The Washington Evening Star.)

Germany is not altogether successful in selecting delegates who are able to subordinate emotionalism to the processes of cold intellectuality advocated by her philosophers.

SIXTEEN THOUSAND TEACHERS BEHIND NEW PRESIDENT

(Continued from page 3.)

system, which would be of great benefit to all, and it will be one of the chief purposes of the Canadian executive to collect date on such matters and to make the same available for the teachers of all Provinces.

Favors High Efficiency.

In connection with the recognition of teachers' certificates in each province it was agreed that the same qualifications should be called for by each of the Provincial Departments of Education, and that the standard for such certificate should be made as high as possible in order to insure a highly proficient profession. The Federation also went on record as absolutely opposed to the principle of short normal school courses and the issuing of permits. It was felt that in order to raise the status of the teaching profession in Canada it was necessary to have a longer period of provincial training. One of the most important matters discussed at the conference was the question of self-determination. It was felt that the time has now arrived when teachers should be given a far greater part in determining the policies of education, and to this end resolutions were passed endorsing the principle of Boards of Reference, Advistory Boards, and Arbitration Boards, upon all of which the teacher should have adequate representation by means of members from teachers actively engaged in teaching. It was also resolved that teachers should be eligible to serve on school boards, either as elected members, elected by the ratepayers or as co-opted members, chosen from the teachers from their organizations, or as advisory members. In some places in Alberta and Manitoba teachers are now sitting on the School Board as advisory members, being given full privilege of taking part in all discussions, but without voting powers, and the system is working most satisfactorily.

"Salary Expected" Advertising

With regard to the teachers, organizations, arrangements were made for the interchange of members in each of the provinces, and the principle of pension schemes was endorsed, it being suggested that the provinces should have as nearly as possible similar pension schemes. As each province has a code of professional etiquette, a resolution was passed pledging each association to respect the professional code of each other province. Disapproval of the practice of school boards in asking teachers in advertisements to "state salary expected" was also voiced. It was considered unprofessional for teachers to underbid each other or to accept any position without first ascertaining that such acceptance would not work hardship on a fellow teacher or body of teachers. The conference also passed a resolution calling upon the National Council of Education to establish a Canadian Bureau of Education along the lines suggested by the National Conference on "character education" held in Winnipeg last Autumn. The question of cumulative sick leave was also discussed and endorsed. The Edmonton School Board allows its teachers twenty days' sick leave each year, and this is allowed to accumulate until a maximum of sixty days is reached. This means that any teacher who has not been absent for three years is allowed in the event of illness a period of sixty days' sick leave.

"Double 1914 Basis"

In connection with salary much detailed information was given by the various delegates and finally it was decided that in all provinces a campaign should be undertaken during the Fall to obtain increases of salary and the slogan of such campaign will be "double the 1914 basis." It was pointed out that teachers were not overpaid in 1914, and as the official value of a dollar at the present time is now less than fifty cents, the teachers were, therefore, asking nothing unreasonable in calling for a double of 1914 salaries. In several parts of Canada salaries have more than doubled since 1914. Detailed information of increases granted throughout the Dominion will be collected and made available for presentation to School Boards and the public generally.

At University of Washington

During the tour Mr. Charlesworth and Mr. J. G. Lister, who accompanied him, visited the Summer school at the University of Washington, where 1,500 teacher students were in attendance, several of whom were from British Columbia, and also the Summer school at the University of Alberta, at Edmonton, where 500 teachers were taking the Summer course. Mr. Charlesworth and Mr. Lister were asked to address the students of the latter place in the Convocation Hall at a social gathering specially arranged by the Alberta Teachers' Alliance.

To Invite Sir J. Yoxall

The Canadian Teachers' Federation decided to ask Sir James Yoxall, M.P., London, England, to make a tour of the Canadian provinces upon his visit to Canada next year to attend the Imperial conference of teachers, which will be held in Toronto, and Mr. Charlesworth was asked to make the necessary arrangements.

Whilst on the tour Mr. Charlesworth collected a great deal of valuable information concerning educational matters which will greatly assist him in carrying on the work of the Canadian Teachers' Federation, and also his work as general secretary of the British Columbia Teachers' Federation.

Adler-i-ka Again!

"Adler-i-ka has been worth its weight in gold to me. It has CURED my constipation and a serious bowel trouble which I had." (Signed) Mrs. Anna Wagner.

Adler-i-ka flushes BOTH upper and lower bowel so completely it relieves ANY CASE gas on stamach or sour stomach. Removes a surprising amount of foul, decaying matter from the alimentary canal (which poisoned stomach for months). Often CURES constipation. Prevents appendicitis. Social and Personal

A quiet wedding took place Saturday evening at 8.30 o'clock when Miss Margaret Elizabeth Harris, of Scarf, B.C., became the bride of Mr. Frank Henry Sager, of Vancouver. The marriage was solemnized by Rev. Joseph McCoy, pastor of Knox Presbyterian Church, at the manse, Begbie Street. Only the immediate friends of the young couple were present. The bridesmaid was Miss Eunice Campbell and David Harris, brother of the bride, acted as groomsman. The bride was given away by her father. A number of out-of-town guests were present at the ceremony, among them being Mrs. Scarf, of Cowichan Lake, sister of the bride; Mrs. Donaldson, of Sooke, and Miss Dobson, of Vancouver. The bride was attired in a traveling suit of taupe broadcloth and tam, and bore a corsage bouquet of Ophelia roses.

☆ ☆ ☆

A quiet wedding took place at Breadalbane, the officiating minister's residence, 1185 Fort Street, when the Rev. Dr. Campbell celebrated the marriage of Harry H. Vanderman and Miss Carrie Mae Bellingslea, both of Denver, Colorado. The bridegroom was unaccompanied. The bride was attended as matron of honor by her mother, Mrs. Mae Bellingslea. After touring Vancouver Island on a honeymoon trip Mr. and Mrs. Vanderman will make their home in Denver, where they have many friends.

☆ ☆ ☆

The mission ship Columbia, in charge of Rev. J. Antle, left yesterday with supplies for the Columbia coast mission hospitals at Van Anda, Rock Bay, Alert Bay and Carriden Bay. On board are Dr. E. M. Pearse of the S.C.R., Victoria; and Dr. Birdsall. The former, who is a member of the board of the mission, is putting in a short holiday in making a tour of the hospitals and the latter has recently joined the medical staff of the mission and goes to take charge of the new hospital at Cariden Bay.

☆ ☆ ☆

Rev. O. W. Howard, D.D., professor of apologetics and ecclestical history at the United Theological College, Montreal, will occupy the pulpit of Christ Church, Vancouver, during the absence of the rector, Rev. W. W. Craig, D.D., in August. Dr. Howard, in addition to his duties as professor, was assistant to Bishop Carmichael at St. George's Church, Montreal. Recently he deputized for Rev. F. A. P. Chadwick, while Mr. Chadwick was East.

☆ ☆ ☆

Among the passengers leaving on S. S. Maquinna to-day for the trip up the west coast of Vancouver Island are Miss Annie Ermentinger Fraser and Mr. Fraser, Miss Dawson and Mr. Dawson, Miss Mary Lawson, Mrs. Hislop, Mr. and Mrs. Fleet Robertson.

☆ ☆ ☆

News was recently received in Montreal by Sir Frederick Williams-Taylor that Lieut. Travers Williams-Taylor, 13th Hussars, is dangerously ill in a hospital at Aldershot from concussion sustained while playing polo. Lady Williams-Taylor left immediately for England to be with her son.

☆ ☆ ☆

Mrs. E. P. Bartlett has returned from a ten months' visit in the Old Country.

☆ ☆ ☆

Miss D. Y. Yeo, of Montreal, registered at the Empress Hotel yesterday.

NORTH SAANICH WOMEN'S INSTITUTE PLAN FOR SHOW

There was a good attendance of members at the monthly meeting of the North Saanich Women's Institute on Friday at Sidney.

The principal winners was to make arrangements for the flower show to be held at Sidney on August 23. The garden committee reported that the children's gardens showed very good results this year, and four of the best had been chosen for the final judging, which will take place next week. The judging of institute members' gardens will also take place next week, and all wishing to enter this competition will please send their names to the garden committee immediately.

It is proposed to arrange for a dress-making class, not for institute members only, but any person in the locality paying the fees may have the benefit of this institution.

The entertainment held on July 1 had been a great success, the weather being ideal and the various refreshment stalls were kept very busy it was reported. The treasurer's report was read at this meeting and showed that a substantial sum had been gained at this entertainment.

The Institute had the pleasure of welcoming two new members at this meeting.

It's a wise child that resembles its rich relations.

PRETTY WEDDING AT EMMANUEL CHURCH

Miss Ella Maude Ledingham Weds Charles R. Booth, of Toronto

Emmanuel Baptist Church was filled with a big congregation on Saturday evening at 8.30 o'clock for the marriage of Ella Maude, second daughter of Mr. and Mrs. W. J. Ledingham, of this city, and Charles Roy Booth, son of the late Joseph N. Booth and Mrs. Booth, of Toronto. The church was prettily decorated for the occasion.

To the strains of the Wedding March from Lohengrin, which was played by Mrs. W. P. Marchant, the bride entered the church on the arm of her brother, Dr. Gordon Ledingham, who gave her in marriage. She looked charming in her gown of ivory satin and georgette, with full court train handsomely embroidered in lover's knots of pearls. Her bridal veil was exquisitely embroidered, and caught in place with a wreath of orange blossoms. She carried a shower of Ophelia roses and white sweet pears. The maid of honor, Miss Bessie Ledingham, the bride's sister, was gowned in mauve satin and georgette, and wore a black transparent picture hat, to which was attached a large black tulle loop. She carried a shower of pink and mauve sweet peas.

The bridesmaids, Miss Gladys Ledingham, cousin of the bride, and Miss Anna Mason, wore gowns of pale pink and yellow satin and georgette They wore large black transparent hats and black tulle loops, carrying bouquets of pink and mauve sweet peas.

Little Babe Calwell made an exceedingly dainty flower girl in her frock of baby blue and pale pink georgette, with bonnet to match. She carried a silver basket of rose petals and sweet pea blossoms, with bows of pink and blue tulle.

Mr. Arthur Mable assisted the groom, Mr. Hugo Allen and Mr. Heber Beek, of Seatle, officiating as ushers.

During the signing of the register, Miss Mary Middleton sang, "At Dawning," by Cadman.

After the ceremony a reception was held at the home of the bride's parents. The reception rooms were charmingly decorated for the occasion.

The groom's gife to the bride was a string of pearls, to the maid of honor was an onyx and diamond ring, to the bridesmaids, onyx and pearl rings, to the flower girl, a locket and chain, to the best man a pearl stick pin, and to the ushers, silver pencils.

Mr. and Mrs. Booth left on the midnight boat for Vancouver en route for Toronto, where they will make their home.

GIRL GUIDES NOW IN CAMP FOR SUMMER

Thirty-five Girl Guides, most of them members of the 2nd Victoria Lady Douglas Company, left the city on Saturday morning for the Gravel Pit, across the Saanich Arm from Brentwood, where they will spend eight days in camp. The Guiders in charge of the camp are Miss Leighton, Miss Tysoe, Miss Shopland, Mrs. Goward, of the Victoria Brownies, and Mrs. Unwin, of the Oak Bay Brownies.

This afternoon Mrs. Boardman and Miss Macdonald, of the Isles, will inspect the camp officially with the idea of carrying back to headquarters a report on a Canadian Girl Guide camp on their return to England. This will be the first opportunity they have enjoyed of seeing a guide camp since their arrival in British Columbia.

Wednesday, August 4, will be visitors' day at the camp. All friends and people interested will receive a warm welcome. Owing to the difficulty in obtaining provisions in the district in which the camp is situate, visitors are asked to bring a contribution of cake or sandwiches with them. Through the kindness of Mr. Peden, who has been a real friend to the Guides, a launch will be at Brentwood to meet the B. C. Electric train which leaves Victoria at 1.30, and will leave the camp again in time to meet the evening train.

DECORATION OF SOLDIERS' GRAVES HELD AT ROSS BAY

Hundreds Pay Tribute to Men Who Died Here; I.O.D.E. Eulogized

Fitting tribute was paid yesterday afternoon, under a blue sky, and amid the turf-encircled monuments at Ross Bay Cemetery to those soldiers who made no common sacrifice in no common cause during the war years.

Hundreds stood with bowed heads while clergy representative of the Anglican, Catholic and Presbyterian denominations recalled the services of those who had fallen in the Great War, and pointed the moral of further sacrifice to sustain the principles for which the departed men had suffered.

Nineteen standards of the Daughters of Empire floated in the procession, and the score was completed with the banner of the British Campaigners' Association.

The whole arrangements reflected great credit on Mrs. Mortimer Appleby, who was in sole charge of the arrangements. Representative of the military was Lieut.-Col. Homer Dixon, D.S.O.

Chapters Represented.

The I. O. D. E. Chapters represented included the Municipal, Camosun, Gonzales, Lady Douglas, Robert Burns McMicking, Florence Nightingale, Esquimalt, "J" Unit, Navy League, Willows Camp, Margaret Rocke Robertson, Dr. O. M. Jones, Lady Alderson, Bishop Cridge Ministering, Robert Valentine Harvey, Herbert Beaumont Boggs, Agnes Deans Cameron, Daisy Chain, Commodore Broughton Chapters.

The Dean's Address.

The procession formed at Woodward's gate of the cemetery, and moved off at the hour specified to the section of the cemetery reserved for the deceased soldiers. Here the graves are weekly decorated with flowers by members of the Order.

The representatives of the various Chapters of the Daughters of Empire, with their standards, headed the march, followed by the British Campaigners' Association with their standard, and other Veterans' Associations' representatives.

Flowers were laid on the neatly-kept enclosures, and then the crowd gathered in a circle to hear Dean Quainton. The Dean pointed out that much water had flowed since the Armistice, but the stream of human affairs would not flow on to forgetfulness of those who whether they had died in Flanders or in Victoria had been ready to sacrifice everything. Credit was due, he said, to the Daughters of Empire that the graves had that comely and attractive appearance, and it was a pious and fitting tribute the organization paid to those who had gone before in thus commemorating the service of those men.

When the Dean called for a silent prayer nothing could be heard saving the beating of the surf on the beach below, men and women of all denominations joining in the silent tribute.

A prayer followed, and then "The Last Post" was sounded. Similar visits followed to the other sections of the cemetery, Bishop Macdonald and Rev. Dr. Campbell officiating.

Dr. Campbell's Address.

"Many hearts are still bleeding as a result of the great war," said Dr. Campbell, "and the drapery of mourning still spreads over Canada from ocean to ocean. When our boys heard the call to arms they loyally left shop and factory, field and forest, to defend our homes and our country, and the British Empire, to destroy Prussian militarism and to establish the rights of the weak against the strong. Their heroism at Arras, Paschendaele, Amiens, Somme and Vimy brought back the best days of Spartan bravery and paled the glory of Marathon and the halo of Thermopylae.

"Many military authorities declared that by their holding the gap at Ypres they saved the Channel ports from the enemy and indeed saved the Allied cause.

Brave Men.

"For them there was no sting in death, nor victory for the grave, for they knew their cause was righteous. Mrs. Hemans's words touch the heart of many a mother here:

"They grew in beauty side by side,
They filled our home with glee,
Their graves are severed far and wide
By mountain, stream and sea.

The same fond mother bent at night
O'er each fair sleeping brow,
She had each folded flower in sight;
Where are those dreamers now?"

A Fitting Service.

"Some sleep here, some sleep in France, some in Flanders, some in Mesopotamia, some in the deep blue sea. When the great trumpet shall sound they shall awaken to hear 'Well done, enter yet into the joy of your land.'

"It is fitting we should hold this service and scatter these flowers on the graves of our glorious dead; but the world will soon forget what we say and do there, but it can never forget what they did. It is for us to carry on the cause for which they died, that they may not have died in vain. Let us hope the day may soon come when the glittering sword and booming cannon may be looked on as relics of a semi-barbarous age, and the gospel of peace may extend from Pole to Pole, and sweep and circulate the whole earth.

Dr. Campbell concluded with a striking passage from Tennyson's "Locksley Hall."

Attractive Garden Fete.—On Saturday, evening the Robert Burns McMicking Chapter of the I. O. D. E. held an enjoyable garden party at the home of Mrs. F. W. Bland, 545 Dalton Street, Esquimalt. The grounds were beautifully decorated with lights and flowers, and presented a wonderful appearance. Miss Beatrice McDonald acted as convener, assisted by a capable committee. An excellent musical programme was enjoyed in which vocal and instrumental selections were rendered by Miss Lilian Jones, Arthur Jones, Mrs. Walter McMicking, Miss P. McDonald and Mrs. Roberts, while several charming dances were given by Miss Lorrain Wootton. Mrs. Renwick presided at the gate and the little Misses Myra and Kate Renwick, Sabiston and Jessie Paul assisted with the refreshments. A dainty supper concluded the proceedings, and the party broke up after a most attractive evening. The chapter wishes to thank its many friends for their co-operation in arranging the successful function. Mrs. Chrow, the regent, formally pronounced the fete open, and was indefatigable in her efforts to promote the entertainment of the guests.

"BABE" RUTH AGAIN.

Chicago, Aug. 2.—Babe Ruth hit his 38th home run of the season in the fourth inning of the New York-Chicago American League game to-day.

OBITUARY RECORD

The remains of the late Mrs. Fanny Bickford were laid to rest Saturday afternoon. The funeral took place from the residence, Colwood, at 2.30, and proceeded to St. John's Church, Colwood. Services were conducted at the church and grave by the Rev. W. Knight; the hymns sung being "How Bright These Glorious Spirits Shine," "Lead Kindly Light," "Now The Laborer's Task Is O'er." There was a very large attendance of friends, the church being completely filled. The casket and hearse were covered with flowers, showing the esteem in which Mrs. Bickford was held. The ladies of the Colwood Women's Institute attended in a body, as also did the Women's Auxiliary and School Trustees. Interment took place in the Colwood cemetery adjoining the church. The following ladies, members of the Colwood Women's Institute, acted as honorary pallbearers: Mrs. W. J. Neil, Mrs. T. H. Eng, Mrs. J. Strutt, Mrs. S. Goodall, Mrs. H. Parker and Mrs. E. Peatt. The active pallbearers were S. Wilson, A. Holmes, J. Dean, H. S. Henderson, W. J. Neal and J. Strutt.

Henry Dolby Wright, a veteran of the great war, died yesterday at the Esquimalt Military Hospital, aged 44 years. He was born in Farnsfield, Notts, England, and leaves a widow in this city, residing at 1082 Richmond Avenue. The funeral will be held from the B.C. Funeral Chapel on Thursday at 1.55, proceeding to Christ Church Cathedral, where services will be conducted. Interment will be made at Ross Bay Cemetery with military honors.

WORK OF HUMAN HEART

Organs Does Work Equivalent of Lifting 60,000 Pounds Every Day.

Chicago, July 27.—"Speaking of wonderful energy or the capacity for doing things," says Health Commissioner Robertson, "the heart pumps 1,200 gallons of blood from its chamber every twenty-four hours, the equivalent to lifting 60,000 pounds to a platform forty inches high.

"The lungs daily take in and throw out fifty to sixty barrels of air, while the liver maintains a sugar factory, which converts sugars and starches, consumed as food, into a storable form of sugar—glycogen—and for reconverting the glycogen into sugar as the calls of the body need it for fuel.

"God gave you this marvelous machine; take care of it."

COUGAR KILLS CALF AND GOAT

Playful Visitor to Gordon Head Displays Bad Manners

The cougar that has been giving starts to late travelers at night on the roads in the Gordon Head district is becoming altogether too playful, in the opinion of some of the owners of young livestock.

Early last week he went along Finnerty Road and picked out a young calf that one of the farmers was raising. This animal proved so appetizing that a couple of nights later he dropped around to the same district.

This time, however, he was attracted into the place of J. W. Pomeroy, where he found Mr. Pomeroy's pet goat dreaming about what he would do at the next lodge meeting at which he had to officiate. The cougar acted quickly in a way that showed he had no more respect for lodge goats than for just ordinary plain can-eating goats.

The cougar has now taken such a fancy to the Gordon Head district that his activities have been reported to the police.

For several nights he has been seen on the sidewalk in front of the Cloverdale School. He has shown no animosity towards anyone, but has just lolled around in a playful, happy manner. Some of those who have observed him declare that he has apparently been keeping a tryst.

After the district retires at night, this cougar is heard regularly, according to George McGregor, who lives in the North Quadra district. He says the cougar is apparently not hostile, but makes a noise as if it were calling to its mate.

Some of the reports to the police say that there are two panthers, not one. Some persons report him to be quite old and sedate, while others say he is kittenish.

House cats in the Gordon Head district are reported to be greatly excited over the presence of the cougar. They are declared to be anxious to get a glimpse of their big cousin.

ALL THE BRAN YOU NEED

combined with the body-building elements in the whole wheat grain and all prepared in a digestible form. In making Shredded Wheat Biscuit the bran (so useful in promoting bowel movement) is retained and scattered along the filmy shreds of baked whole wheat, forming the most perfect of all cereal foods. Two of these crisp and tasty little loaves with milk or cream make a nourishing meal at a cost of a few cents. Delicious with sliced bananas, or other fruits.

MADE IN CANADA

SUDDEN DEATH OF PIONEER MERCHANT

Late William Wilson Came to Victoria in 1861; Passed Yesterday

A well-known resident of Victoria passed quietly away at the family residence, 1442 Elford Street, on Sunday at 1.30 p. m., when William Wilson joined the great majority.

The late Mr. Wilson had been a resident of the city since 1861, having come from England at the early age of 18, by way of Panama, to join his brother Thomas Wilson, who had preceded him to British Columbia. The brothers engaged in the dry goods business as partners until early in 1875, when Thomas Wilson left with his family for South Africa to engage in farming. He predeceased his brother by one year. The late Mr. Wilson continued in business until 1898. In 1872 he married Emily Harris, daughter of Thomas Harris, the first Mayor of Victoria and a well known figure in the early days of the Province.

Although never taking an active part in public affairs the late Mr. Wilson followed the development of the Province and particularly the city in which he had made his home for nearly sixty years, with great interest. He was well known to many of the earlier residents of the Province as a man of sterling qualities and one who lived up to British ideals of honor and justice. His death came as a great shock to his family, and the news will be a surprise to his friends, as he appeared to be quite well and was about as usual Sunday morning, passing on to the beyond very quietly and without pain. He is survived by his widow and eight children, Mrs. C. P.-W. Schwengers, T. Gilbert Wilson and R. H. Wilson, of Victoria; H. P. Wilson and C. S. Wilson, of Vancouver; and L. Wilson, of Dallas, Texas, and seven grandchildren. The remains are reposing at the B. C. Funeral Chapel, and funeral arrangements will be announced later.

TO GATHER SEED AND PLANT TREES

City Will Raise Huge Numbers of Maple Trees at Different Points

Adopting a plan proposed by C. C. Pemberton, the well known authority on plant life, the civic authorities are about to utilize large quantities of maple tree seeds to plant maple trees at various points in the city and its environs.

Mr. Pemberton brought the matter of planting maple trees before the City Council some time ago and pointed out that at present a valuable asset in the form of maple seeds was being wasted. Sympathizing with the idea, the Council asked Mr. Pemberton to tell it more about the matter. Mr. Pemberton waited upon the Council in Streets Committee Friday and discussed the proposal in detail, explaining the maple tree's habits of growth and so forth and leaving a number of books on the subject with the aldermen.

As the proposal to plant the seeds now going to waste would entail no expense, the aldermen considered it an excellent one. As a result, City Engineer F. M. Preston, Alderman Sangster, Chairman of the Streets Committee, and Alderman Todd were named as a committee to proceed to plant the trees.

The committee intends to use the dump carts of the City Engineer's Department to go about the city in the districts where maple trees are growing and gather up the seed pods as they fall in the Autumn. It is planned to gather hundreds of pounds of the seed which will be scientifically planted at points yet to be decided.

In the first place, it has been decided to plant a large number of maples in the city's property at Elk Lake and also to line the East Saanich Road leading to the lake with them. In this way, in a few years, the road will be delightfully shady and beautiful through its whole length, for maples grow rapidly. Trees will be planted on the sea front at various points and in other places where they will afford shade and look well.

JULY RAINY AND YET SUNNY, TOO

July was a sunny and yet a rainy month, according to figures compiled by Superintendent Denison of the Gonzales Heights Meterological Observatory.

During July the average temperature was 60 degrees, the highest temperature 91.3 on the seventh day of the month and the lowest 48.6 on the third of the month.

The total amount of rainfall was 1 inch, rain falling on five different days. This total is .38 inches greater than the average. Victoria enjoyed, however, more sunshine than the average. The total duration of sunlight was 344 hours and 55 minutes, 41 hours above the average. There were, in fact, on the average 11 hours a day.

GETTING THE FACTS

Civil Service Commissioner MacInnes Is Touring the Province.

In order to get into touch with conditions throughout the Province as far as they affect the members of the public service, Civil Service Commissioner MacInnes is at present on a tour of investigation.

His business concerns the repeated applications on the part of the Provincial Civil Service Association for a general increase of wages or something in lieu thereof, with which to set off the increased and increasing cost of living.

On his return to the capital after visiting all those places where employees of the Government are engaged in administrative work he will make his recommendations and report to the Cabinet.

LUXURY TAXES YIELD $30,000

New luxury taxes collected from merchants in Victoria during July brought more than $30,000 into the till of the Inland Revenue Department, according to Richard Jones, collector.

During June $11,000 was gathered in from this source.

Officials explain that the greatly increased receipts are due to the better understanding of the tax on the part of the public. They expect returns to run at least $30,000 a month for this city from now on.

RUMOR OF CAPTURE STIRS CROWDS

Dash of Police Patrol Interpreted as Bandit's Surrender

Reports that James Barry, the bold bandit, who is being hunted by bloodhounds and the police of the whole Island for the attempted murder of S. A. Stoddart, the jeweler, in his Douglas Street store at midday ten days ago, had escaped from the police lines around Parksville and reached Victoria, sent crowds of people rushing to Beacon Hill Park Sunday afternoon to see the arrest of the desperado.

It was said that Barry had been apprehended near the broom bushes where he was secreting himself until he had a chance to get off the Island by boat.

A squad of police in the police motor patrol wagon dashed out to the park in response to a call. They found nothing more dangerous to the community than a little child which had been lost.

LOCAL MERCHANTS PLAN TO JOIN ASSOCIATED BODY

Retail Section of Board of Trade Gives Endorsement of Project

The Retail Section of the Board of Trade met this morning with R. B. Price in the chair to discuss the question of the advisability of affiliation with the Retail Merchants' Association of Canada. There was a decided divergence in the opinion of the many members present, which resulted after preliminary discussion, in the Retail Merchants' Section of the Board adjourning to make way for a meeting of the Victoria merchans in their individual capacity.

Speaking on the question of the advisability of the section's affiliation, J. D. O'Connell stated that in his opinion the propect would split the forces of the local merchants to the extent that many would not care to belong to two organizations with seperate sets of dues. Victoria was isolated from the national bodies on all questions, and he doubted the advisability of the present move, as to whether it would be of any real use to affiliate.

Act Independently.

Later in the meeting the question was raised whether it would be possible for the Section of the Board of Trade to affiliate with an outside body, and it was ruled that such action could not be taken. Thereupon G. D. Christie proposed that the meeting, as a Section of the Board of Trade, adjourn, to take up the same question as a meeting of independent business men. This was done, after a resolution was passed by the Retail Section of the Board of Trade to the effect that it was not opposed to the question of affiliation, although unable to do so as a body.

Meeting then as individual business men, the gathering placed Herbert Kent in the chair, and continued the discussion. Mr. Brockhurst suggested that a committee be formed to take up the matter, which was subsequently done, the committee to be composed of the Chairman, with one member from each business represented. This committee is to act with the provincial organizer, G. E. Hougham, at Vancouver, to further the project.

Many Already Members.

Several Victoria merchants are already provincial members of the Retail Merchants' Association of Canada, stated Mr. Kent, and it would be a good thing for those present to take out individual memberships with the provincial body, with offices at Vancouver. This was made the subject of a resolution to that effect, it being stated that the body would form a local branch with local officers when the movement had got more on its feet. The committee is to get in touch with the provincial organizer to further the tentative plans so provided.

Could Be Two Bodies.

It was stated from the chair that the formation of a local branch of the Retail Merchants' Association of Canada would in no way affect the retail section of the Board of Trade, as the same members could belong to the two organizations at their will. The meeting adjourned with a resolution to the effect that the provincial organizer of the Associated body be asked to solicit members from the Victoria merchants on the same basis as those already belonging to the provincial association, and unattached here.

TO BECOME CANADIAN

Per Julius Gardin, who landed on South Salt Spring Island five years ago, has decided to remain in Canada and become a Canadian. He applied to Judge Lampman to-day for naturalization.

Mr. Gardin was born in Grantsbury, Wis., in December, 1883. He came to Victoria first in 1912. His application will be heard in open court on November 1, Oswald Barton, registrar, announced to-day.

TWENTY-EIGHT THOUSAND ON LIST

Victoria Has Nearly 19,000, Saanich Over 6,000 and Remainder in Esquimalt

Registration in Victoria for the new Provincial voters' list ended at 10 o'clock to-day when Registrar Mabon accepted the last of the applications that had been sent in by mail on Saturday.

Twelve more were registered in Victoria to-day making a total of 18,961 and four more in Esquimalt making a total of 2,917.

The total registration for Saanich is 6,393 up until Saturday night.

This brings the total for the Greater Victoria district up to 28,276.

There is still a chance to get on the list for those who have neglected to register during the last eight weeks. This can be done in September at the Court of Revision. Would-be voters, however, at that time will have to appear in person before the registrar. Filling in of the form is not enough.

CHRIST CHURCH CATHEDRAL; BOYS' BIBLE CLASS SUMMER CAMP

By John Hocking, One of the Boys.

On Saturday, July 10, the members of our Bible Class, under the leadership of W. O. Cockett, our class conductor, left Victoria at 1.30 p.m. for our camp at Sandy Beach, Saanich Inlet. The day before, five of the boys had gone out as an advance party to pitch the tents, make dining tables, fix the cook stove and to get the camp in order as much as possible before the arrival of the main body the following day.

The trip across the Inlet was delightful. When we landed everything was in order. Tents were pitched and the dining room had been made in a beautiful cool spot under the trees. Fresh and cool water was close by and I am sure a better camping ground could not have been found. The rest of the day was spent in "fixing up". Pine and Cedar boughs were cut for beds, our stores were checked up and after attending to all camp duties and eating supper we started the camp fire. "We talked of this and we talked of that, around the flames and after evening prayers had been said we all went to bed.

Novel Sleeping Shelter

Three of the boys, just to be different to the rest, each took a boat, and after pulling it up on the dry sand turned it over and then propped up the side with a stick. A fire was started on the sand near by and the boats certainly made fine sleeping shelters. One of the fellows, after he had crawled under his boat and was nicely tucked under his blankets accidentally hit the prop that held his boat up. He happened to have his head outside of the boat at the time and the edge of the boat "got him in the neck."

The next day being Sunday was a quiet day spent chiefly in getting acquainted with our surroundings.

Monday

We were all anxious to try our hand at fishing. Some got up about 6 a.m. and although salmon did not seem to be plentiful, at least one good salmon was caught every morning the first five days of camp.

Tuesday

I got up early this morning. But don't blame me, it wasn't my fault. Someone wanted a boat to go fishing, and I was sleeping under the boat that they had decided to take so I had to get me up about 4 a.m. Such are the joys of camp life. The Rev. T. M. Hughes spent three days in camp with us and bravely and without flinching took his early morning cold dip at 7.30 with the boys. Tuesday evening, Tent No. 2 was chosen to give an entertainment to the other tents. It consisted chiefly of songs and readings, but the main feature was a play about the unexpected return of a lover who returned just in time to beat up two or three ruffians who were about to run away with his sweetheart. The play would have made Doug. Fairbanks turn green with envy.

Wednesday

Dean Quainton arrived to spend a few days at camp as our guest. In the evening Tent No. 1 gave us an entertainment. It consisted of readings, songs, jokes and conundrums, and with the able support of the Dean who contributed some excellent songs with rollicking choruses it turned out fine.

Thursday

Camp life is now running smoothly without a hitch; Fishing, Boating and Swimming took up most of our time. In the evening the Oak Bay Boy Scouts, who were camping nearby, came over and were entertained at our camp fire. About the time that they left lightning became quite active and continued so throughout the night. Strange to say, after this lightning we never caught another salmon. Did the storm frighten them out of the vicinity? Perhaps some old fisherman can answer this question.

Friday

This morning the Dean left for Victoria. About ten o'clock we started on a hike for the summit of the Malahat Ridge; after leaving camp we struck a trail which led us to the Malahat drive. We continued south along the road for about half a mile, when we sighted a good trail and started the upward climb, the further up we went the steeper the trail, and soon we reached the rocky part. Here we had to climb on ledges, which made the climb all the more exciting. After about one and a half hours climbing we reached the highest point of the Malahat, known as Mount Jeffery, which is 1,800 feet above the sea level. From here we had an excellent bird's-eye view of the Saanich Peninsula. Smoke could be seen issuing from the mills at Sidney, we could see James Island besides many more smaller islands. After eating lunch and taking a rest we started back to camp, the return trip taking a much shorter time than the upward climb. The rest of the day was spent in performing camp duties, and I am sure that we were not sorry when bedtime came that night.

Saturday.

This was visitors' day. The morning was spent chiefly in preparing for our guests. They arrived about 2.30 p. m. They were introduced to "Whizz Bang Camp," and about 4 o'clock water sports commenced, such as diving, swimming, rolling the log, and paddle your own canoe. After being refreshed with tea and ice cream our guests left for Victoria about 7.30 p. m., leaving behind them a large and varied assortment of fruit and cakes, which every boy greatly appreciated. Many thanks to our thoughtful guests.

Sunday.

I was one of the two boys chosen as cook's assistant for the day. Two assistants were chosen every day to help the cook. We did not have to do much of the cooking but had to peel the spuds, wait at table, wash the dishes, and last but not least, to take the kitchen refuse several yards out to sea in a boat, and dump it in the sea. That night orders were given to be up early next morning to pack up our belongings. And off to bed we went to spend the last night in "Whizz Bang Camp" for 1920.

Monday morning did not take long to arrive, and after taking our early morning dip we got ready for breakfast. Morning dip at 7.30 a. m. was one of the camp rules, and a good rule it was, for it freshens one up for the rest of the day. After breakfast the tents were packed away, and every boy rounded up his own property.

The launch arrived on the scene about 2.45 p. m., and we pushed all aboard, and started our homeward trip across the Inlet. And as "Whizz Bang Camp" faded away I am sure that we all decided that we had had "a great time."

On arriving at Brentwood pier three cheers and a tiger were given to our camp leader, W. O. Cockett, who thanked the boys for their hearty co-operation and loyalty, and said that he had never taken out a more happy and contented bunch of boys in the life, and thanks to them he had enjoyed every minute of the camp.

Gordon Stysdale LIMITED

Store Opens at 9 a.m. and Closes at 6 p.m. Wednesday 1 p.m.

Special Sale of

Summer Hats

Take advantage of this remarkable offering. Included are the season's newest styles in white silk; black and white and light colors, also Leghorn straws trimmed with Georgette, satin or flowers. The reduced prices are **$12.50, $15.00** and **$18.50**.

Two Corset Models at Moderate Prices

Corset of pink batiste, has low bust, with elastic inserts. This is a firmly boned model, with four hose supporters. Comes in sizes 21 to 25. Price **$4.00**

Elastic top corset of good, firm pink batiste, is made with four strong hose supporters and has very soft boning; comes in sizes 19 to 25. Price **$4.50**.

Summer Frocks of Sheer White Voile

Women who select their Summer frocks with care always look to this shop to provide that which is smart, practical and different to the ordinary.

Among these dainty new models you will find styles to meet your fancy at prices ranging from **$21.50** to **$25.00**.

CAPT. WINGATE TO COMMAND WINNER

Well-known Local Navigator Appointed to Victoria-built Ship

When the Canadian Government Mercantile Marine steamship Canadian Winner, product of the Harbor Marine Company, Ltd., gets away on her maiden voyage to Australia, she will be commanded by Captain Walter Wingate, a well-known navigator of this port. Announcement has been made of the appointment of Captain Wingate to the bridge of the Canadian Winner.

Since the Canadian Government Merchant Marine, Ltd., inaugurated its transpacific services, Captain Wingate has been acting as marine superintendent, with headquarters at Vancouver.

During the earlier part of the war Captain Wingate was stationed at Esquimalt, and later saw considerable service with the patrol fleet on the Atlantic seaboard out of Halifax.

The appointment of Captain Wingate to the Canadian Winner will be a popular one. The steamship, which is now being fitted out at the Victoria Machinery Depot, will be ready for sea next month. She will go on berth at Vancouver, after undergoing her trials, and will then sail for Australasia.

CANADIAN OARSMEN WIN MOST EVENTS

St. Catharines, Ont., Aug. 2.—Two heavy thunderstorms this morning threatened to put a damper on the final day of the Royal Canadian Henley, but when the first event of the programme arrived, the senior quarter-mile dash, the skies had cleared and the grandstand rapidly filled up. Interest was keen in the senior quarter-mile in which Johnny Durand and Ed. Biddle, of the Argonauts; Bob Dibble, the Dons Canadian champion, F. L. Finlay, of the Dons and James B. Salem, of the Lincoln Park Club, Chicago, were the lineup.

Summary: First race — Senior quarter-mile dash — First, Dibble; second, Ed. Butler, Argonauts, Toronto; third, Finlay, Don R. C., Toronto; fourth, Durnan, Argonauts; fifth, Salem, Chicago. Time, 17 4-5.

Junior doubles, final—First, Argonaughts R.C., Hogarth and Stevenson; second, Don R.C., P. C. McNally and W. F. Moran. Time 19 1-4. Only two started.

Senior 140-pound eight — First, Detroit R.C., Detroit; second, Argonaut, Toronto, third, R.C., Toronto. Time 7.11 4-5. Five crews were entered, but two withdrew, the Detroit Maiden eight and the Ottawa eight.

RECONDITIONED LINER RESUMING

R. M. S. EMPRESS OF BRITAIN

At the local offices of the C. P. R., it is announced that the liner Empress of Britain, which has been completely renovated following her war service, will sail from Liverpool September 1 for Quebec. On her return voyage to Liverpool the liner will sail from Quebec September 15.

CUNARD LINE HAS BIG WAR RECORD

The Cunard Line recently issued a booklet entitled, "On War Service," which deals concisely with the activities of the Cunard S. S. Company during the war. Opening with the statement that on August 4, 1914, the Cunard fleet consisted of twenty-six sea-going steamships, of which fifteen were lost during the war, with two exceptions by enemy action; that these losses represented 220,444 tons in all, or 56 per cent. of the line's pre-war total tonnage, and that in this way 650 seamen laid down their lives in the Allied camp, the booklet gives many interesting details that have not been previously published. Reference is made to the famous fight between the "Carmania" and the German auxiliary cruiser "Cap Trafalgar" off the Island of Trinidad in September, 1914, and to the war records of the "Aquitania," "Mauretania" and the other ships of the Cunard fleet, and also the general war work of the company which constructed and managed, on behalf of the Government, what was then, in 1917, the biggest aeroplane factory in England, an immense shell factory in 1915, and had many other activities.

EASTERN AGENT OF N.Y.K. ON COAST

While on the coast, R. H. MacDonald, Nippon Yusen Kaisha passenger agent at New York, is taking the opportunity to look over the N. Y. K. liner Katori Maru, due here this week from the Far East.

TAKING B. C. COAL TO SOUTH AMERICA

S.S. Robin Goodfellow, Skinner & Eddy Vessel, Fixed For Loading

Arrangements have been completed for the shipment of a cargo of British Columbia coal to the east coast of South America by the steamship Robin Goodfellow, of the Robin Line Steamship Company, a subsidiary of the Skinner & Eddy Corporation, of Seattle.

The Robin Goodfellow is the fourth of a fleet of four vessels built by Skinner & Eddy, on what is termed owners' account, and is the only one remaining on the Pacific.

Captain Lapraik, well known at this port, and formerly master of the Frances L. Skinner, salved at the ex-German steamship Sesostris by the Pacific Salvage Company, of Victoria, now commands the Goodfellow.

Through the Robin Line Company the coal cargo for South America was arranged Saturday, and the big ship was hifted to the Skinner & Eddy plant at Seattle, where slight alterations to her hatches are being made for the purpose of handling the coal cargo.

At present the exact port of destination has not been announced, but will probably be Montevideo, Buenos Aires or Rio de Janeiro, the final selection of destination being deferred until the ship is ready to sail The big ship will probably shift to British Columbia Tuesday.

Two of the big four were sold to interests on the Atlantic Coast a few days ago, the details of which transaction being withheld pending the delivery of the ships. These were the Robin Hood and Robin Adair, the first two built by Skinner & Eddy on owners' account, both vessels now being on foreign voyages under charter to the British firm of Furness, Withy & Co. The fourth vessel of the fleet, the Robin Gray, is now en route from Sabine, Texas, to a Maine port.

The time used is Pacific standard, for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive tidal periods without turning.

The height is in feet and tenths of a foot, above the average level of lower low water.

Esquimalt.—To find the depth of water on the sill of the dry dock at any tide, add 19.0 feet to the height of high water as above given.

Coughlans Start Another Ship on Company's Account

Vancouver, Aug. 2.—Workmen at the yard of J. Coughlan & Sons, Ltd., laid the keel of the third steel carrier to be operated by the Canadian Western Steamships, Ltd., a subsidiary of the shipbuilding concern, at the False Creek yards this morning. This vessel, is the fifth to be built to the firm's own order, two having been disposed of while on the ways. The vessel will be of the same type as the preceding four, the 8,800-ton standard of the Coughlan yard meeting with great favor among big shipowners.

ARABIA MARU WILL ARRIVE TO-MORROW

The Japanese liner Arabia Maru, of the Osaka Shosen Kaisha, is expected to make this port to-morrow morning from the Orient.

OWNERS HAVE NO FEAR FOR PUAKO

Windjammer Bound Here Is Now 36 Days Out From Honolulu

Although the American barquentine Puako is to-day thirty-six days out from Honolulu, no apprehension is felt for her safety, according to advices received by shipping interests here from the owners at San Francisco.

Heavy northwest winds have been prevalent on the North Pacific and vessels from Honolulu to Eureka, Cal., have been occupying twenty days. It is believed that the Puako is beating offshore somewhere outside the Straits. The average sailing passage from the Hawaiian Islands to this coast is about fifteen days. The barquentine Conqueror did it in twelve and a half days and reached the Cape when she was again forced offshore and remained outside eight days. The Puako, Captain Helms, sailed from Honolulu June 26, shortly after the departure of the Conqueror. The vessel carried a cargo of coal from Newcastle, N. S. W., to Honolulu, and reports have been current that she damaged her foremast in heavy weather prior to reaching her Hawaiian destination. Repairs, however, were doubtless effected at Honolulu. The Puako is under charter to load a cargo of lumber at Vancouver for Australia.

GRANITE STATE IS LAUNCHED AT NEW YORK FOR PACIFIC TRADE

The steamship Granite State, one of the passenger and freight vessels built at Camden, New Jersey, for the United States Shipping Board for assignment to the Pacific trade, was launched Saturday from the yards of the New York Shipbuilding Company. She is a vessel of 13,000 tons.

The Wenatchee and the Keystone State were the first of six vessels of this type to be launched at the Camden plant and will be operated between Seattle and Victoria to the Orient by the Pacific Steamship Company.

SWITZERLAND AGAIN WELCOMES TOURISTS

C. A. Whitelock, British Columbia representative for the Cunard Line, announces that Switzerland has again opened tourist traffic as in pre-war times, with the sole difference that passports must be shown when entering the country. The tax hitherto levied has been withdrawn, and no formality is required in leaving Switzerland.

For San Francisco.

President and Governor, alternating Saturdays, at 6 p.m.

From San Francisco.

President and Governor, alternating Thursdays, at 4 p.m.

LARGE FLEET FOR ISTHMIAN SERVICES

Many Vessels Fixed For New York, British Columbia, United Kingdom Trade

One of the most active steamship services between Pacific and Atlantic ports in the next few months will be the operations of the Isthmian Line, according to plans as now arranged.

A large fleet of new steel steamships is rapiduy being completed and one of these, the Steel Trader, which recently arrived from Atlantic ports, is now discharging freight at Vancouver. The Steel Trader will be followed from New York to British Columbia and Puget Sound ports in August by the new steamships Steel Worker and Steel Engineer, both of which are already reported to have sailed from the Atlantic. Other vessels to follow in the near future are the Steel Ranger, Steel Inventor, Steel Seafarer and Steel Voyager. All these vessels are in the coast-to-coast service of the Isthmian Line.

In addition to this service the Isthmian Line has arranged for a British Columbia-Puget Sound-United Kingdom direct service, and the first vessel to sail over this route is the Steel Worker, which is scheduled to sail for Avonmouth and London early in September. The Steel Worker will be followed late in October by the Steel Ranger, and the latter part of November by the Steel Seafarer. This is a re-establishment of the pre-war service of the old Maple Leaf Line, between British Columbia ports and the United Kingdom, returning via New York.

SLUMP IN JAPANESE SHIPPING MARKET

Increasing Number of Vessels Out of Commission at Osaka and Kobe

Tokio, Aug. 2.—A feature of the economic depression in Japan is the weakness of the steamship charter market. About fifteen large ocean-going ships are tied up at Kobe and Osaka, and about fifty other ships will soon be released from old charter contracts. Owners will have great difficulty in finding new contracts on account of the slump in the sea-carrying trade.

With the accentuated depression in the shipping market, the price of ships has declined, the present standard quotation being equivalent to $135, to $140 a ton. In spite of the decline, there have been no buyers at home for some time past, but some vessels are being sold to Dutch concerns.

MONT ETNA WILL ENTER DRYDOCK

After completing the discharge of her cargo at Vancouver the steamship Mont Etna, from Marseilles, France, via Cuba, will enter Esquimalt drydock for overhaul. The Mont Etna is due here on Thursday.

MAGICIAN IS HOME.

After a good run from Victoria via the Panama Canal, the Harrison Direct Line steamship Magician, Captain Herbert Russell, arrived at Glasgow on Saturday.

INBOUND FROM JAPAN.

The Nippon Yusen Kaisha liner Tajima Maru sailed from Yokohama July 27 for Victoria and Seattle. She is due here August 11.

STEWARD INJURED.

Clifford Legge, one of the stewards employed on board the steamship Princess Adelaide was hurt this afternoon and removed to hospital.

ORIENTAL AGENCIES.

Negotiations are said to be pending between the Canadian Government Merchant Marine, Ltd., and the Blue Funnel Company for representation at Oriental ports.

NOME AEROPLANE HAD A MISHAP

Edmonton, Aug. 2.—A special dispatch to The Edmonton Journal from Jasper says the four American army aeroplanes making the flight from Mineola, N. Y., to Nome, left there at 8.25 o'clock this morning headed for their next stopping place, Prince George, 200 miles distant. The weather was clear and the wind favorable. When only a mile on the journey, plane No. 1, flown by Captain St. Claire Street, in command of the expedition, developed a slight fire and hurriedly returned to the aerodrome. The three other machines continued on their way and Captain Street, with his mechanician, will leave later this afternoon, after making sure that there will be no recurrence of the trouble. There was no damage done to the machine.

NEWS AND NOTES OF THE MINES

New Manager Chosen

J. W. D. Moodie, for many years general-manager of Britannia Mines, has resigned and was succeeded on Monday by B. B. Nieding, a mining man now living in Washington State.

Mr. Moodie will take a long holiday and will go to California to reside. He has been in charge of operations at Britannia during the era of greatest development there and the company now owns a zone from Howe Sound to Indian River, at the northern end of the north arm of Burrard Inlet.

New Superintendent

T. C. Botterill, formerly assistant superintendent of the Surf Inlet Mine, has taken the superintendency of the Emancipation Mine, operated by the Liberator Mining Company, a company recently organized in Vancouver by Dr. E. H. Hodge. The company now has a crew on the ground installing machinery and active mining operations are expected to start within a week's time. All the directors are enthusiastic over the mine, engineers reporting that no expensive features are connected with opening the mine and that prospects are of the best. Connected with Dr. Hodge in the venture are Messrs. A. H. MacNeill, K.C., Bradford W. Heyer, Edgar A. Jamieson and P. L. Lyford.

Mining in Kaslo

Mining conditions in the Kaslo district are improving, R. F. Green, M.P., reports to The Nelson News, on the showing on the properties. A number of leasers are working in the Whitewater district. George H. Aylard and associates have taken a bond on the old Wellington, and a crew of men is engaged in cleaning out the tunnels and works so that an examination may be made of the property.

On the south fork, M. S. Davis is working the Silver Bear, and Mr. Green understands the property was looking very well. Quite a lot of work is being done on it, and high-grade ore is being taken out.

E. F. Edwards is carrying on some work on the Index mine, and it is reported the showing on the property is a very favorable one. Mr. Edwards and his assbciates are also interested in a bond on the Revenue group, where there is a good showing of ore. They expect to proceed with their development work, and at the same time to make shipment.

S. A. Williams and associates have taken a bond on a mining property on Liberty Hill, and are putting a force of men to work.

Crew of Twelve on Silver

With reference to the Silver Bear mine, which he is operating, Mr. Green said that work is being pushed ahead with a crew of about twelve men. Not only is development work being carried on underground, but a considerable amount of work is being done on the surface of the property. Timber is being taken out, and other preparations are being made for the work next Winter. Some ore is being taken out all the time. Another car of ore is sacked and ready for shipment when shipping conditions are favorable.

There is a good wagon road up the south fork from Kaslo right through to the Index mine, and a little beyond it, but it is badly in need of the expenditure of a small amount of money to smooth out the rough spots, particularly on the section of the road above the Cork mine.

The Cork-Province, Mr. Green stated, is not doing any thing just now, but he understands from the owners that they have expectations of making the necessary financial arrangements to open up the property shortly.

CITY LIKELY TO BUILD THE BRIDGE ITSELF

Engineer's Department to Tender For Installation of Substructure

It is quite probable that the substructure of the new Johnson Street Bridge will be built by day labor under the supervision of City Engineer F. M. Preston, it was learned at the City Hall to-day.

When Mr. Preston, acting on the instructions of the City Council, proceeds in the near future to call for tenders for the construction of the sub-structure of the bridge he himself will submit a tender for the work. The tenders are to be submitted on the lump-sum or schedule basis and on this account, the civic authorities are informed, contractors in tendering, will add about forty per cent. to their estimate of cost in order to cover possible increases in the price of material. In other words, they have to gamble on prices. While it is impossible for the alderman, of course, to be sure of the result, it is probable that Mr. Preston's tender will be the lowest submitted. If this occurs there is little doubt that the Council would instruct him to proceed with the construction of the viaduct by day labor.

Some of the aldermen—perhaps a majority—would like to see the engineer build the bridge in any case. They point out that the city owns equipment necessary for preparing cement and other materials to be used in installing the sub-structure of the bridge, and that, on this account, a saving in cost might be effected.

The larger firms which have considered tendering for the contract for the installation of the sub-structure, it is stated, will take on the job only on the cost plus basis, but the City Council, by a large majority, will not entertain this idea for a moment.

Tenders will not be called for the installation of the sub-structures for a short time yet. Mr. Preston is waiting for the approval of the Canadian Pacific Railway Company of certain plans. When these are approved he will be able to call for tenders immediately. If the plans are approved, Mr. Preston states, the work of installing the sub-structures will be relatively simple from an engineering standpoint.

BRIEF LOCALS

Grand Army Will Meet. — The Grand Army of United Veterans will meet at the Knights of Pythias Hall at eight o'clock to-night.

☆ ☆ ☆

To Discuss Picnic.—The Civic Employees' Protective Association will meet in the K. of P. Hall on Wednesday evening at eight o'clock to discuss arrangements for the picnic to be held in the near future.

☆ ☆ ☆

Open Series of Dances.—The first of a series of dances held under the auspices of the Orpheus Club was held on Saturday night in the St. John's Hall, with a large attendance of guests. Professor Helman, H. Benham, B. White, H. Griffiths and Arthur Farey acted on a committee who completed the arrangements for the event. Confetti and serpentine numbers proved some of the most popular selections of the evening. The dance was the first of a series that is to be held under the same management. Music was provided by the Orpheus Club orchestra.

☆ ☆ ☆

The Guild of Health Meetings.—The Rev. T. E. Rowe will give a public address in Christ Church Cathedral on Thursday at 8 p. m. On Wednesday morning from 10 to 12 noon Mr. Rowe will be at the schoolroom of Christ Church for consultation. The Guild of Health is forming a library for the purpose of spreading the gospel of healing as it is taught in God's Word. Any person wishing to contribute towards the library fund can give or send their contributions to the librarian, Mrs. P. Saunders, 1414 Elford Street. Books on healing will be thankfully received, or gifts of magazines new or old.

☆ ☆ ☆

Donations to Aged Men's Home.—The manager of the Home for Aged and Infirm Men begs to acknowledge with thanks the following donations to date: Mrs. Wooton, old magazines; Mrs. Walker, bundle of Life; Mrs. Murray, Family Heralds and Daily Mirrors; Mrs. Short, Old Country papers; Mrs. Blyth magazines; Mrs. D. BIG "UNDERGROUND" SYSTEM UNEARTHED

U.S. Congress Committeeman Tells of Smuggling of Japanese Into U.S.

Tacoma, Aug. 2.—Definite location of the "underground system" on the Pacific Coast by which thousands of Japanese are smuggled into the United States yearly was announced here to-day by Congressman Albert Johnson, chairman of the House sub-committee on immigration, which reassembled here to-day to investigate Japanese activities in the northwest.

"Until we came to the northwest we had only an indefinite idea of the operations by which Japanese are being brought surreptitiously into the United States," said Chairman Johnson. "Now we have the key, so to speak.

"We have found that the Japanese underground system begins at Yokohama. Thence it leads to Honolulu and extends on across the Pacific to Guayamas, on the Gulf of California.

"Here, either by water of across the border, the Japanese invaders are smuggled into the United States. A perfect system of escort has been established in Honolulu and at Guayamas posts have been established which take care of the details of the smuggling. Mexican guards are known to have been bribed with $10 at the United States-Mexican border. The same careful system of escort has been established both at Yokohama and Honolulu.

CHARLES GRAHAM MAY BE CANDIDATE

Prospective Conservative Candidate For Comox Speaks at Merville

Merville: At a meeting called by the central council of the G. W. V. A. of the Comox Electoral District held in Merville school house recently, the following resolution was passed by a standing vote of all present:

"A mass meeting representing the ex-service men and dependents of the Comox Electoral District demand that the settlers of Merville be given title or a reasonable agreement of sale to the land which has been allotted to them; and also that recent promises made by the Hon. E. D. Barrow and Colonel R. D. Davies in connection with housing and stock be immediately carried out. As the problem at Merville is now acute we desire that immediate action be taken upon this resolution."

The meeting was called to hear Charles Graham, who has been asked to stand as the nominee of the Conservative Party for the district, and Mr. Graham set forth his position. His main attack on the Provincial Government was that it was wasteful and nubusinesslike. Mr. Graham stated the position he had always taken with regard to returned men in always finding them jobs at the Canadian Collieries. He assured the Merville settlers that he believed Mr Bowser would redress their grievances and told them that, if he were returned as their member, he would see he did.

The claims of Mr. Graham were warmly espoused by other Cumberland delegates and a general discussion followed, in the course of which the resolution as given above was proposed and unanimously carried.

It was decided to put over the endorsation of any particular candidate for further discussion.

The Women's Auxiliary of the Merville G. W. V. A. provided refreshments and were accorded a hearty vote of thanks at the close of the meeting.—Comox Argus

PREMIER OLIVER IN EDMONTON

He and W. J. Bowser Travel on the E. D. and B. C. Train

Edmonton, Aug. 2.—The Premier of British Columbia and the Leader of the Opposition in the British Columbia Legislature will be fellow-passengers on to-day's E. D. & B. C. train for the North. Hon. John Oliver arrived in the city from the coast this morning, and W. J. Bowser has been here over the week-end awaiting an opportunity to make a trip to the Peace River country and beyond. Both of the coast legislators are going North to look into the railway situation and to examine conditions in general.

Premier Oliver called on Premier Stewart at the latter's office this morning and talked over some of his plans for the forthcoming trip. It is to be, he said, a journey for information, his desire being to see at first hand what the conditions in the North really are and what prospects the North has to offer for supporting a railway extension should such be found otherwise feasible.

JOSEPH O'DOHERTY FREED IN IRELAND

Sinn Fein M.P., Released Unconditionally, Will Not Stand Trial

London, Aug. 2.—A Londonderry message reports the unconditional release of Joseph O'Doherty, a Sinn Fein member of Parliament, to prevent whose trial the Sinn Feiners recently burned the Buncrana courthouse. O'Doherty was arrested on a charge of soliciting subscriptions for the "Irish Republican Parliament."

Scenes in Belfast.

Belfast, Aug. 2.—Turbulent scenes marked a special meeting yesterday of the City Corporation called on petition of three Sinn Fein and two Labor members, which comprised the number necessary to call a session. The president, it was stated, was to take steps for the protection and reinstatement of men thrown out of work by an Orange boycott.

A resolution proposed by those calling the meeting was defeated after a deputation of shipyard workers had appeared and declared that if the Corporation carried the resolution they would not be responsible for the consequences. An amendment was carried, 35 to 5, commending the efficiency of the military and police in disturbances and declaring the object of the resolutions was likely to be attained only when the Government took stern measures to bring to justice gangs of assassins in the rest of Ireland.

Constable Wounded.

London, Aug. 2.—A dispatch from Dublin last evening said Head Constable Rudock was fired on and wounded while leaving a church in Youghal yesterday.

Dublin Horse Fair.

Dublin, Aug. 2.—Although the Gaelic League has been proclaimed an illegal association, owing to its supposed sympathy with the Sinn Fein movement, the annual Dublin Horse Fair opened under the auspices of the League here to-day. There was no interference by the authorities, although it is believed that a year ago the gathering certainly would have been dispersed by the police. Under the new Irish administration meetings of this nature are allowed on the theory that they keep the people out of mischief.

Several speeches, all of them in the Irish language, and all frankly republican, were delivered at the opening meeting.

Lucas in England.

Dublin, Aug. 1.—Via London, Aug. 2.—Brigadier-General C. H. T. Lucas, who escaped from a Sinn Fein prison Thursday night after having been kidnapped and held captive for a month, arrived here from Tipperary Saturday. After remaining until midnight as the guest of Admiral Sir Reginald Tupper, he embarked on a destroyer for England.

The assertion is made in Sinn Fein circles that General Lucas was released voluntarily, the purpose for which he was captured having been achieved.

Raider Killed.

Official reports of the attack Saturday on a military lorry carrying mail from Cork to Fermoy say there were sixty armed raiders in the attacking party. One raider is said to have been killed and two raiders wounded. Reports from other sources say the raider killed was John A. Hearne and that he was wearing the uniform of an officer of the "Republican" army.

A Great Piano —and It Is Made in Canada

The Gerhard Heintzman

JUST because this piano is made in Canada by Canadian piano craftsmen may not be sufficient reason for you to select it for your home. But the fact that the Gerhard Heintzman is an instrument of exceptional tone quality and beauty; the fact that it has been the leading Canadian piano for half a century and is to-day the preferred instrument in Canada's principal conservatories of music, public buildings and 40,000 homes should influence you in your decision to become better acquainted with this splendid instrument.

"DOPE SCHOOL" IN CITY OF SASKATOON

Saskatoon, Aug. 2. — Startling charges in connection with the drug traffic in Saskatoon were made to-day by G. M. Donald, Chief of Police who declared that a small number of confirmed morphine users are running a "dope school" in which young people are being initiated into the habit.

George F. Silver, alleged to be a leader in this traffic, was sentenced to six months' imprisonment.

BULLION AT NEW YORK.

New York, Aug. 2.—Gold bullion valued at $2,300,000 arrived here to-day on the steamship Philadelphia from Southampton. It was shipped by N. M. Rothschild to Kuhn, Loeb & Company.

What Would You Have Said?

STUDY the Gillette Poster on the boards. What do *you* think of the wording, "A Handle for Every Hand"? Do you think we have taken too much for granted that everybody knows that the Gillette Safety Razor will give a cleaner and more comfortable shave in the least time? That each set at $5.00 includes 12 double-edged super-keen blades?

With the space at your disposal on this poster, would you have chosen the message we adopted, or would you have emphasized the NO STROPPING—NO HONING feature, or the fact that there are 20,000,000 Gillette users, or the saving of ten minutes each day by Gillette owners?

If you do not see the poster itself, you will find a reproduction of it in colours in dealers' windows, together with a display of some of the most popular Gillette sets.

Go into such a store and you will find Gillette Safety Razors in styles to suit every man who shaves—literally "A Handle for Every Hand"—among them the Gillette exactly suited to your hand! Take it!

Portland Will Send Big Team of Swimmers Here

Coach Jack Cody Has Wonderful String of Swimmers and Divers in Training For P. N. A. Gala; Elks Holding Swimming Meet Saturday; V. A. S. C. August Handicap.

Coach Jack Cody, of the Multnomah Athletic Club, of Portland, has written to Supt. Davies, of the V. I. A. A., advising him that the Portland Club will be here in full strength for the swimming, diving and water polo championships on Saturday, August 14. Mr. Cody in his letter states that the Portland athletes are anxiously looking forward to their trip to Victoria, as the hospitality of the local club in entertaining visiting swimmers and officials is far ahead of any other club that the winged "M" athletes have ever visited. This is certainly a big compliment to the club, as the Multnomah athletes have visited practically every big athletic club in the United States and Canada.

Miss Thelma Payne and Happy Keuhn, the champion divers of the Multnomah Club, will be absent from the team visiting Victoria this year, as they have both been successful in securing a place on the American Olympic team. Al Enegren, who also was a member of the team during the last two years, is going to Antwerp representing Finland.

Other Good Divers.

Mr. Cody states that the club will have strong representation in the diving as it is his intention of giving some of the other members of his famous diving teams a chance to make the trip. Diving competition will be staged in the Multnomah tank, and those who make the best showing will be picked to represent the club at Victoria. In the ladies' events it is expected that Mrs. Meyers, the ex-champion, and Miss Helen Hicks, the beautiful girl diver of the Multnomah Club, will make the team.

The water polo team will again come to Victoria, and will bring the "Victoria" cup, which they hope to be again successful in winning. Mr. Cody states that the team is a very strong one, as it has been re-inforced by several of its regular members, who were away on active service in France during the last two trips to Victoria.

Seattle Will Be Strong.

The Crystal Swimming Pool, of Seattle, is sending over a team of twenty crack swimmers and diving to attempt to win a number of the P. N. A. championships. Keen competition is expected between the Seattle and Portland divers.

Elks Swimming Gala.

The Elks Swimming Club is holding the first gala of the season. Members are staging on Saturday afternoon next at 3 o'clock at their clubhouse at the Gorge two B. C. championship events and five open events. A number of Vancouver swimmers are expected over for the races, while all the local clubs will be represented. The events on the programme are as follows:

B. C. Championship Events.

440 yards—B.C. championship.

Fancy diving—B. C. championship—From 10-ft. springboard. 3 compulsory dives. (a) plain front or swan dive; (b) standing front jack knife; (c) back dive; and 3 optional dives from C. A. S. A. list.

Open Events.

Boys 16 years and Under—50 yards.

Novelty Event—Open to all bona-fide amateurs.

Boys' Diving, 16 years and under.

Ladies' Diving.

In addition there will be a polo match and a 50-yards race for policemen. The Elks believe that a little more attention should be paid to the "bobbies" in the city, and are holding a race especially for them.

August Handicap.

The first of the new August handicaps will be held by the Victoria Amateur Swimming Club to-morrow evening. Judging from the interest taken in last month's races, there should be an entry list of twenty swimmers on Tuesday night.

A polo practice will be held between the club's A and B teams. The lineup will be as follows:

A team: goal, J. McNeill; backs, G. Wellburn, D. Balnave; centre half, J. D. McNeill; forwards, Dr. Patterson, L. Plumb, G. Silburn.

B team: goal, R. W. Hibberson, backs, J. Allan, P. Johnson; centre half, W. Barrett; forwards, T. Wellburn, A. Muir and J. Clyde.

A general meeting of the club will follow after the polo game, and a good attendance is expected as there are some important matters to be discussed.

GREAT BRITAIN WINS.

Ostend, Aug. 2.—Great Britain on Saturday defeated Spain in the Olympic polo finals by a score of 13 to 11.

CHIEF DAVIS IS GIVEN RELEASE; OTHERS WILL GO

Chief Gus Davis, the Washington Indian, has done his last pitching for Victoria. He was handed his release on Saturday night.

Owing to the fact that Zienke has recovered his batting eye there is little chance of Cy Neighbors getting back into the game, and as soon as his fot has healed he will receive a blue envelope.

Manager Leard has been in Seattle over the week-end dickering for a left-hander. If he is landed it is likely that Wee Kelly will be cut adrift.

MORTON LEADING HITTER; CAPS TAKE ALL HONORS

Just about all the records and honors in the Pacific International League are held by the Victoria players, according to the latest averages released by the league statistician.

Harry Morton, who is the leading pitcher in the league, is also the leading hitter. In twenty-eight games he is batting at .368. Carter Elliott, the fast local shortstop, is the leading regular hitter with an average of .327. Elliott also leads the league in run-getting with 68; in solen bases with 23, an dis tie with Leard for hits by pitched ball with 13.

Dempsey, who is hitting .307, is the Babe Ruth of the league. He has annexed 14 home runs and has a total of 163 extra bases.

Leard is swatting for .312 and is the leading walker. He has worked opposing pitchers for 62 passes.

Victoria has jumped into first place in extra base hitting with an average of .289.

The official averages are as follows:

	G	AB	R	H	TB	2B	3B	HR	SH	BB	SB	Ave.
Morton, Victoria	28	76	13	28	43	6	3	1	1	5	1	.368

DUTCH HILL SIGNED TO FIGHT HOLIDAY

Local Boy Will Scrap at Prince Rupert; Bout Is to Go Fifteen Rounds

Much interest is being aroused these evenings at the Comrades of the Great war rooms, where Dutch Hill and Charlie Martin are working out for the former's fight with Len Holiday at Prince Rupert in the near future.

Dutch is rapidly getting into shape and should make the Prince Rupert lad step lively in the fifteen-round bout which is to take place. Those who know the local boy and have seen him in action pin their faith on him bringing home the bacon.

In Charlie Martin he has an ideal sparring partner and one who will rapidly whip him into shape. Charlie is improving all the time; he is in better fettle now than ever before, and to those who know him of old this will give an idea of the kind of mills which are taking place on Mondays, Wednesdays and Fridays at the Comrades of the Great War. As a hard hitter and one who can assimilate a whole lot of punishment, Charlie has few equals on the Coast at his weight, and is just the sort of scrapper necessary for a man who is training for a fight over the long route.

DAVE HILLYARD, OF YAKIMA CLUB, DEAD

Was Playing Ball Up to Week Ago When He Was Taken Ill With Diabetes

Seattle, Aug. 2.—Dave Hillyard, local player and former manager of the Seattle Internationals, succumbed to diabetes at his home in the Fauntleroy district yesterday morning at 11.30 o'clock. He leaves a wife in this city, mother and father in the east and brothers in San Francisco and Los Angeles.

Hillyard was taken ill a week ago before starting to play a game over in Yakima for Raymond's club, and came home and went under a doctor's care. A week's care availed little.

Many local fans remember Dave Hillyard. Last season he played left field with Seattle in the Northwestern League. Early this season President Duthie, of the Seattle Internationals, engaged him as manager of the Giants, but when the team failed to make a good showing he was released in favor of Dutch Hoffman. Hillyard was immediately signed by Tealey Raymond, of the Yakima Club. He was a hard hitter and a fast fielder

Americans Win All B. C. Tennis Championships

Miss Helen Baker, of San Francisco, Goes Home With Three Titles; Victoria and Vancouver Players Fail To Stand Up Against Brilliant Playing of Visitors.

British Columbia's tennis champions are all Americans. In the critical finals held at the Willows courts on Saturday afternoon the Canadian players tried strongly to keep the titles at home but the terrific driving and steady playing of the visitors was too much for them. The new British Columbia champions are as follows:

Men's Singles—Phil Neer, Portland, Ore.

Ladies Singles—Miss Helen Baker, of San Francisco, Pacific Coast ladies' champion.

Men's Doubles—Marshall Allen, Seattle, and F. Burrill, Tacoma.

Ladies' Doubles—Miss Baker, San Francisco, and Mrs. Cushing, Berkeley, Cal.

Mixed Doubles—Miss Baker, San Francisco, and Marshall Allen, Seattle.

Express Their Thanks.

All the out-of-town players are now on their way home. Before departing they took great pains to impress upon the officials and members of the Victoria Lawn Tennis Club the splendid time which they had had in this city. They commented particularly upon the splendid sportsmanship which has been witnessed at the tournament and the unsurpassed hospitality of the club.

"We will certainly be back next year to defend our titles and we will try and influence a number of our friends to make the trip with us, for we could not have been given better treatment at any other place on the continent," the champions informed J. G. Brown, secretary of the club, before they took the boat for Seattle.

Prizes Presented.

At the conclusion of the matches His Honor the Lieut.-Governor presented the prizes to the winners. During his brief remarks he made reference to the need of more coaching among the junior players, for, as he pointed out, it was from this material that Victoria had to look for his future challengers or title-holders.

Both title-holders in the men's singles and ladies' singles were easy victims for the Americans. Miss Lawson, of Victoria, holder of the ladies' singles, fell before Miss Baker in two straight sets. The new champion is one of the finest lady players who has wielded a racquet on a local court. She defeated Miss Lawson by hard chop strokes across the court.

Has Three Titles.

Miss Baker has three British Columbia championships to her credit. Besides winning the ladies' premier honor, she paired with Mrs. Cushing and won the ladies' doubles from Miss Name and Miss Leeming, of Victoria, in straight sets. The local ladies made a strong showing in the second set.

Immediately afterwards Miss Baker paired with Marshall Allen and won the mixed doubles from Mrs. Cushing and Phil Neer. The latter pair took the first set, but were defeated in the following two by the hard driving of their opponents.

A Strenuous Day.

Neer put in a very strenuous day at the courts. He started in the morning at 11 o'clock with Bettens, of San Francisco, to see which should have the right to play A. S. Milne, of Vancouver, the men's singles champion. The match did not finish until nearly 2 o'clock, when Neer was announced the winner. Shortly afterwards Neer met the title-holder, and after losing his first set through being decidedly off his game, he showed a splendid return to form in the second, capturing it and the next two sets.

Rev. S. Ryall, of Nanaimo, won the veterans singles from Mayor, Tayler the holder, and Varley, of Vancouver, defeated G. Peters in the consolation singles.

GIANTS AND CAPS TAKE GAME APIECE

Morton Had Easy Win Over Seattle; Giants Mauled Four Pitchers in Second

Victoria and Seattle broke even in a double-header at the Stadium on Saturday. In the first game Harry Morton let the Giants down with three hits and a home run by Hesse was all that saved them from a shut out. Victoria touched Robke up for six hits and took advantage of three errors in the field. The score was 3-1.

In the second game everything known in baseball happened, and Seattle won by 12-7. Chief Gus Davis, the Indian twirler, did not last long enough to get acquainted with the batting order. He had nothing with him and his teammates did not help him along any. Three men faced him, one of whom got a hit, and another a walk. Then big James tried to save the day but only lasted for two innings when Wee Kelly was ushered in and lasted another two innings. Leard banished kelly and finished the game on the mound himself. It was an awful exhibition of pitching.

In seven innings, Seattle collected 15 hits, two of which were home runs by Reid, one a triple by Hoffman and another a double by Nixon.

Washington who did the flinging for Seattle, did not have much on the ball but he got such a big lead that he had little to worry about.

The box scores follows:

First Game.

Victoria—	AB.	R.	H.	PO.	A.	E.
Elliott, ss.	3	0	1	0	3	0
Church, 3b.	3	0	0	1	1	0

MANY ENTRIES FOR A. AND N. FIELD DAY

Large Number of Athletes Will Compete at Royal Athletic Park Saturday

Entries for each event on the lengthy programme to be held in connection with the Army and Navy Veterans' field day at the Royal Athletic Park on Saturday next are being received in large numbers by the association.

The Marathon race is provoking a good deal of interest and it is possible that some new long distance runner will be discovered this week who will make a name for himself.

The fat man's race is also likely to introduce some new champion to the public gaze. There are quite a few interesting entries for this event, and there is promise of lots of fun in connection with it.

The Army and Navy tug-of-war team are in hard training for this strenuous event. Comrade C. Kench has called a practice of the team for this evening, and the team and any interested in tug-of-war are requested to meet at the Hudson's Bay Company's building at 7 o'clock sharp.

KINGSTON STREET TENNIS.

The finals of the men's doubles and the mixed doubles in the handicap tournament of the Kingston Street Lawn Tennis Club were decided on Saturday afternoon.

The results were as follows:

Saturday's results were as follows:

Semi-Final, Men's Singles—Parkes (-3 1-2) beat Shepheard (X15) 6-3, 7-9, 6-1.

Semi-Final, Mixed Doubles—Miss Wood and Lambe (-15) beat Miss Dudgeon and Greaves (Scr.) 6-1, 8-6.

Final, Men's Doubles—Sayer and Parkes (-30) beat Coates and Sommer (X15) 6-4, 4-6, 6-2.

Final, Mixed Doubles—Miss Hickey and Coates (X15 1-2) beat Miss Wood and Lambe (-15) 9-7, 8-6.

To-day the following match will be played:

At 6.30 p.m.—Final, Ladies' Singles—Miss Thorpe (-15 1-2) plays Miss Severs (-15).

On Tuesday at 6.30 p.m., the final of the ladies' doubles will take place, when Mrs. Sayer and Miss Severs (-30) play Miss Wood and Miss Thorpe (-15 1-2).

RIFLE MEETING BROUGHT TO CLOSE

Fine Shooting Was Witnessed at Heals Last Week

Major R. M. Blair, of the Vancouver Rifle Association, proved to be the best all-round shot throughout the B.C. Rifle Association meetting. He scored highest on the list in the Grand Aggregates, and carried off more cups, medals, and cash prizes than anyone there.

In the tie for the first place in the Victoria match, Major R. M. Blair was once more victorious. He secured a score of 23 out of a possible 25 at a range of 500 yards. Col. Grahaim came next with a score of 21. It was very difficult shooting at this range, the wind being very tricky, also there was a slight mirage which prevented competitors from seeing the target clearly.

Pte. A. H. Caplin, of the V.R.A. Rifle Association, won the Lieutenant-Governor's match with a score of 206. J. Caven made the best score of the day when he scored 72 out of a possible 75.

The council held a meeting after the meet, and decided to send a team of eight men to the Dominion Rifle Association meeting at Ottawa this year.

The score in the Governor-General's match on Saturday was as follows:

Governor-General's Match—Second Stage.

	Score.	Prize Cup and Medal
1. Pte. A. H. Caplin, V. R. A., Vancouver	206	$50.00
2. Maj. R. M. Blair, 72nd Reg., Vancouver	205	40.00
3. J. Caven, 5th C. G. A., Victoria	202	25.00
4. Lt.-Col. J. F. Keen, V. R. A., Vancouver	201	15.00
5. Jno. Stevens, V. R. A., Vancouver	201	12.00

HELPING TO MAKE "BASEBALL DAY" A GREAT SUCCESS

Everyone is lending the Victoria Baseball Club a hand to make "Baseball Day" at the Stadium on Wednesday afternoon a great success. The members of the police force are helping to dispose of tickets. The police have a fine reputation as ticket-sellers.

Not to be outdone by their unfortuante comrades at Craigdarroch hospital the boys in blue at the Esquimalt Military Hospital bought fifty tickets from President O'Brien on Saturday. These boys have always been admitted to the games free, but they wanted to help the club along for one day.

This morning President O'Brien said that he felt sure that over 2,000 fans would be present. Many people are anxious to see the sports, which will start at 3 o'clock. The game will get under way at 3.30 o'clock.

TACOMA NOW MECCA OF TENNIS PLAYERS

Opening of Pacific Northwest Tennis Tournament Took Place This Morning

Seattle, Aug. 2.—Local tennis followers are directing their attention to Tacoma to-day, where the opening matches will be played in the annual Pacific Northwest Tennis Tournament. An unusually large entry list will compete this year and with strong players from Seattle, Portland, California and several points in British Columbia entered, tournament officials look for the most successful meet in history.

Following the northwest event the majority of the players will come over to compete in the Washington State tournament which will be staged on the Lake Washington courts during the week starting Monday, August 9.

SATURDAY CRICKET HAD FEW FEATURES

Five C's Had Harder Fight With Albions Than Had Been Anticipated

(By Veritas)

Both cricket games this week-end finished in the way that has been expected, with the exception that the Albions gave the Five C's a harder fight than they had anticipated. Five C's eventually won by 58 runs, and as 25 of this margin were "extras" it would appear that the wicket-keeping on the losing side could have been improved upon. It is also somewhat surprising that such a good change bowler as Bossom was overlooked in a match in which no less than six bowlers were used, by the losers. For the winners, Wilkinson as usual did most of the bowling, obtaining 7 wickets for 54 runs, R. E. Winslow with 40 was chief scorer for the Five C's, whilst H. A. Ismay, 32, and E. W. Ismay, 28, were the principal batsmen for the Albions.

With a greatly weakened team, and one in which it had been found necessary to make several last minute changes, the Army and Navy Veterans met with a disastrous defeat at the hands of the league leaders. The scores were Incogs, 208; Army and Navy, 53. Lifton himself passed the Veterans' full score, making 70 before his innings closed.

Keen Fight.

As the season draws to a close, the fight for the championship is keener than ever, and while the Incogs at the moment appear to have the best chance, none of the four top teams can afford to make any mistakes at this time, and the spectators are almost assured of one of the most interesting finishes that ever brought a cricket season in Victoria to a successful conclusion.

The Incogs defeated the Army and Navy cricketers at the University grounds, with a score of 208 runs to 53.

SIDNEY LOSES FAST MATCH TO VICTORIA

Cotton Brynjolfson's Return to Game Improves Local Team; Score 7-3

Playing ten men aside and using substitutes whenever they required them the Victoria Lacrosse team defeated Sidney by 7-3 in a fast game at the Royal Athletic Park on Saturday afternoon. Ed Brynjolfson's return to the game made a vast difference in the attack of the locals. He was responsible for two goals, and his headwork and steadiness was of great assistance to the other players. The game was witnessed by a small crowd. The players are hoping that at the other games there will be a larger turn-out.

Cyril Baker wore a Victoria uniform, and performed in splendid style. He fitted in well on the home, and was responsible for three goals.

First to Score.

Victoria drew first blood in the battle. Allie McGregor popped one through the posts within five minutes of the opening. A few minutes later Norton equalized for Sidney. In the second period Cotton Brynjolfson got his first counter, and Cyril Baker also bulged the net. Cliff Steele, playing his first game with the locals, got a pretty goal in the third session on a pass from Bill Mitchell. Brynjolfson received the ball from Mitchell in front of the net, and notched the fifth goal. Baker put in a fast shot and completed the scoring for the period.

Sidney finished strong. Purdy shot two goals in the last period, and came within an ace of banging in another. Cyril Baker added Victoria's last tally.

The teams lined up as follows:

Victoria	Position	Sidney
Kroeger	goal	Simpson
McKay	point	B. Johnson
Peterson	cover point	E. Munroe
Popham	1st defence	McClure
J. Johnson	2nd defence	Clegg
Cliff Steele	centre	Robertson
Brynjolfson	2nd home	Humber
Alexander	1st home	Norton
Baker	outside home	McClure
McGregor	inside home	Purdy

Spares—Victoria: Mitchell, Shandley; Sidney: Veitch, Norton, Gehrke.

GREAT CROWD SEES YANKEES TRIMMED

Estimated 40,000 People Saw White Sox Humiliate New York

AMERICAN LEAGUE.

Chicago, Aug. 2.—A crowd estimated at 40,000, said to be the largest ever to attend a game in the American League Park, yesterday saw Chicago shut out New York, 3 to 0.

Wonderful pitching by Cicotte, backed by perfect support, was responsible. Not a visitor passed second base and only five hit safely. The fielding of Jackson and Felsch was sensational. Jackson went into the crowd in the fourth and robbed Ruth of a double. After he caught the ball he fell over the fans. The New Yorkers claimed he dropped the ball, but Umpire Connolly ruled otherwise. Manager Huggins said the Yankees would play the game under protest and he objected so strongly that he was banished from the game.

Score—	R.	H.	E.
New York	0	5	1
Chicago	3	11	0

Batteries: Shawkey, Mogridge and Ruel; Cicotte and Schalk.

St. Louis, Aug. 2.—St. Louis in the early innings yesterday drove out Moore and Bigbee and defeated Philadelphia, 12 to 3. Jacobson led with three doubles and a single in five times at bat.

Score—	R.	H.	E.
Philadelphia	3	7	3
St. Louis	12	12	1

Batteries: Moore, Bigbee, Hasty and Perkins; Davis and Severeid, Collins.

Cleveland, O., Aug. 2.—Washington defeated Cleveland, 8 to 5. Bagby, who started for Cleveland, was driven out in the third when Rice tripled and Roth hit a home run into the new field stand, the first time the feat had been accomplished. Clark, a recruit who succeeded Bagby, was effective.

	R.	H.	E.
Washington	8	12	1
Cleveland	5	8	0

Batteries — Shaw and Gharrity; Bagby, Clark, Niehaus and O'Neill.

	R.	H.	E.
Boston	4	8	1
Detroit	2	6	3

Batteries — Hoyt and Schang; Ehmke and Stanage, Ainsmith.

National League.

New York, Aug. 2. — New York defeated Cincinnati yesterday, 3 to 2, in a ninth-inning rally. Luque had the Giants at his mercy until that inning, when, after two were out, Young and Frisch singled. The former scored on Kelly's double and Frisch came home on Spencer's single.

	R.	H.	E.
Cincinnati	2	7	0
New York	3	9	2

Batteries — Luque and Wingo; Barnes, Douglas, Toney and Smith.

	R.	H.	E.
St. Louis	1	4	3
Brooklyn	6	12	3

Batteries — Schupp, Kircher and McCarty, Dilhoefer; Grimes and Miller.

Coast League.

Sunday's Games.

RACE IN NATIONAL LEAGUE IS HOT ONE

New York Is Rapidly Closing Out Brooklyn and Cincinnati; Pirates Going Strong

New York, Aug. 2.—The games in the National League during the last week brought the teams more closely together, the standing last night showing the first and last teams separated by only 162 points. Brooklyn continues to set the pace, but the Robins' lead was cut down in the series with Cincinnati, the latter winning three out of four games.

A victory by Cincinnati over New York in the first of their series Saturday put the Reds on even terms with Brooklyn, but Sunday Brooklyn defeated St. Louis and again took the lead as the Giants beat out the Reds in a sensational ninth-inning rally.

Giants Coming Up.

McGraw's team made the most impressive record in the league during the week, having an unbroken string of victories until the Cincinnati Reds were encountered, the Giants now being in third place, and with a little better pitching may catch up with the two leaders. Pittsburgh is giving the Giants a battle for third place, while Chicago is not far behind the pair. St. Louis did not win a game last week. Boston and Philadelphia bring up the rear of the second division.

Cleveland followers were encouraged by the way the Indians performed last week in the American League, not that it was unusual for Speaker's men to win a majority of their games, but because of the improved pitching There was only one game in which it was necessary to send in relief pitchers, and that was the only contest the Indians lost. Caldwell started that game, but two days later went the full route to victory. Covefeskie and Morton each pitched two wins and Bagby one. There was no change in the relative positions of the leaders as a result of Sunday's games, Cleveland losing to Washington, while New York lost to Chicago.

Hitting of No Use.

The result of the latter game, however, puts Chicago within two points of the Yankees. Huggins' men got a bad start on the road, dropping the series to St. Louis. The club continues to have weak and unsteady pitching, and consequently the good hitting of the players is wasted in many games. Chicago continued its steady work during the week, while Washington and St. Louis are fighting for fourth place.

Boston fell behind during the week, and Detroit and Philadelphia continued at their usual gait.

VARDON AND RAY LOST TWICE TO HOME PLAYERS

Deal Beach, N. Y., Aug. 2.—Walter Hagen and James Barnes, St. Louis professional golfers defeated Harry Vardon and Edward Ray, four up and two to play in a best ball 36-hole match on the links of the Hollywood golf course to-day.

It was the Britishers' second defeat in two days by United States professionals, Jack Dowling and Tom McNamara having defeated them six and five yesterday.

VICTORIA HORSES LOSE AT VANCOUVER

Two Victoria horses, Gretna Green and Lady Campbell, from the McCleave stables, ran in the races at Brighouse Park, Vancouver. Both horses failed to get a place. Lady Campbell ran in the opening race, five furlongs, and Gretna Green stepped over the mile.

Idleness travels so slowly that poverty soon overtakes it.

MACDONALD'S
Cut Brier
Smoking Tobacco

1/12 lb. Package—15 Cents

7 MILLBANK, LONDON, ENGLAND

Why Have "Millbanks" Become So Popular?

Because every introduction leads to lasting friendship. It is a case of "love at first smoking."

One smoker offers "MILLBANKS" to a friend. The friend is delighted with these mild, fragrant Virginia Cigarettes and buys a package for himself. This is happening many times a day in every section of Canada. The reason is easy to find.

MILLBANK
VIRGINIA CIGARETTES

have the delightful, distinctive flavour of ripe, mellow, sun-cured Virginia tobacco—coupled with the richness and satisfying qualities found only in the highest grade leaf at its best.

The fact that the price is 15c for 10 is simply an additional reason for preferring "MILLBANKS."

"THE SILVER HORDE" IS FINE PRODUCTION

Rex Beach Feature Is Presented to the Royal Theatre-goers

"The Silver Horde" by Rex Beach, is the film version of this popular author's novel of the same name. The picture was made at the Goldwyn studios and was directed by Frank Lloyd. The story in detail follows: The Marsh Canning Company, a New York concern, attempts to form a trust of the salmon canning industry in Alaska, and buys up every available salmon trap on the Kalvik River. Big George Bolt (Frederick Stanton), whose property is very valuable, refuses to be absorbed by the trust, and is supported in his fight by Cherry Malotte (Myrtle Stedman), a woman of the North, and Boyd Emerson (Curtis Cooksey). The latter is an Easterner who has gone North in an effort to make enough money to qualify with Wayland (R. D. MacLean), a Wall Street financier, as a suitor for his daughter's hand. Emerson and Big George journey to New York to interest capital in their enterprise, succeed in getting a reckless young spendthrift named Clyde (Carl Gerard) to back them and hasten to Seattle to obtain machinery and boats. Here they meet difficulties inspired by Wayland, the power behind the Marsh Canning Company. They finally attain their purpose and sail for Alaska to begin operations. Their factory erected, Cherry, Emerson and Big George await anxiously the great salmon run, the "silver horde." Marsh (Robert McKim makes several attempts to destroy their traps; going so far as to send out some of his men to dynamite them.

Wayland and his daughter, Mildred (Betty Blythe), visit Alaska in their yacht; and, although still devoted to Mildred, Emerson cannot help seeing the difference between her and Cherry. Marsh, also ambitious to win the banker's daughter, tells Wayland that Emerson is the father of a halfbreed child, and accompanies him and Mildred to Cherry's cottage where the Indian girl lives. Snowbird (Neola Mae) and her brother, Constantine (Hector Sarno) then accuse Marsh as the betrayer. A scene ensues, and Constantine, following Marsh from the house, kills him. The "silver horde" arrives, and Emerson, Big George and the men work feverishly to get the salmon cleaned and canned. Wayland acknowledges himself beaten, and offers to buy George's traps, but fails. Emerson realizes that he is in love with Cherry and not Mildred. He finds Cherry sobbing her heart out, thinking that Emerson will leave with the Wayland party.

How he stops her weeping with three words is the final scene of a masterly Rex Beach photoplay. It will be shown at the Royal Victoria Theatre to-night and the balance of this week.

WALLACE REID HAS CONGENIAL ROLE

Star in Double Part in Dominion Offering This Week

Wallace Reid in a new screen comedy, "The Dancin' Fool," will be the attraction at the Dominion Theatre this week. The photoplay is said to present the star in a role that is unusual and that ideally suits Mr. Reid's buoyant personality.

Wallie is Sylvester Tibble, lately arrived in New York from a country town to work for his Uncle Enoch in the jug business. The latter is a hide-bound conservative, with the result that his profits have pretty well dwindled off into space. Slyvester, known as "Ves," shocks his uncle with the modern innovations he introduces and is in a continual row with him. In the meantime, "Yes" meets Junie Budd, dancer in a cabaret in which he happens to drift. The discovery that "Ves" is a crackerjack dancer results in his becoming her partner at "The Garden of Roses," a high-class cabaret. Thus he works by day at six dollars a week and by night for two hundred.

But gradually "Ves" focusses his attention on business, to the dismay of Junie, and goes on the road for his uncle with a big advertising scheme that is marvelously successful. He returns in time to rescue the jug business and to claim Junie for his own. Bebe Daniels plays the role of Junie, and Raymond Hatton, Tully Marshall and Lillian Leighton are also in the cast. The picture was adapted from a popular magazine story by Henry Payson Dowst. Sam Wood directed and it is a Paramount Artcraft picture.

The mold of a man's fortune is in his own hands.

"LOST CITY" IS MOST WONDERFUL PICTURE

Variety Presents Sensational Serial With Many Thrilling Scenes

If the circus may be said to be "The Greatest Show on Earth," then it may truthfully be stated that "The Lost City" is "The Greatest Film of the Screen," for "The Lost City," a fifteen episode production, starring Miss Juanita Hansen, George Chesebro and a big cast of favorite players, goes the circus one better—in fact, several better. This sensational serial will begin its run at the Variety Theatre, to-night.

Deep into the jungle went the daring company of players to enact the scenes of this thrilling and intensely adventuresome story, braving the very jaws of death in their determination to picture the terrifying dangers of these strange lands, uncivilized peoples and ferocious beasts. So, while introducing all the wild animals usually found with the bigger circus, "The Lost City" pictures them in their native haunts, and for the most time unfettered and free.

Hazardous indeed was the venture of the big company, but the story called for realism, and this could hardly have been possible with caged or tamed animals; hence the trip into the jungle itself to tempt the many beasts to display their natural ferocity before the camera while the actors and actresses portrayed the many scenes of the exciting story.

To the beautiful and equally courageous Juanita Hansen, who enacts the role of the Lost Princess, must be given a great share of the credit for the realism of this wonderful story, for it was to her that the story called for the most daring chances; and that she met the test again and again in scenes that must have seemed far more real than any spectator who views them can imagine, is monumental testimony to her courage and nerve—the more noteworthy because of the fact that she is but a mere slip of a girl.

To deliberately place herself within reach of ferocious, untamed lions and leopards, trusting entirely to the ability of another person to lasso a springing peopard in its mid-air leap, and before it could fasten its claws and teeth upon her, must call for more than ordinary courage, and one does not fail to share the thrill that must have been hers when this sensational scene is shown in one of the many episodes of this most unusual screen drama.

Dorothy Dalton, the beautiful star, in "The Dark Mirror," is the second attraction in the Variety's double bill this week. Dorothy Dalton astonished New York by appearing in the leading role of the magnificent Parisian stage spectacle, "Aphrodite," and taking audiences by storm. Motion picture fans who have seen Miss Dalton on the screen were not surprised. They are acquainted with this beautiful woman's amazing versatility and her surpassing talents as an emotional actress. Miss Dalton stepped from a Chicoga stock company to prominent parts in Thomas H. ince pictures and subsequently to stardom. She has been featured in all sorts of roles: the Alaskan dancing girl of "The Flame of the Yukon"; the exquisitely-gowned society woman of "Extravagance"; the belle of the Parisian demi-monde in "L'Apache."

"Trumpet Island," the Tom Terriss production, which has been several months in the making, at a cost of more than $250,000, has received its final editing by Mr. and Mrs. George Randolph Chester and prints will be delivered to the various Vitagraph exchanges within the next three weeks. The photoplay is based on the story by Gouverneur Morris, and is one of the most pretentious ever attempted. Wallace MacDonald and Marguerite De La Motte have the principal roles.

Joe Ryan and Jean Paige, co-starring in "Hidden Dangers," the Vitagraph serial, have been spending a couple of weeks in San Francisco and vicinity working on the final episodes of the serial. Mr. Ryan is a Westerner by birth, but the trip afforded Miss Paige her first view of the Pacific Ocean. She was born near Paris, Illinois.

FOOTLIGHTS AND SHADOWS TO BE SHOWN

Olive Thomas Stars at Columbia; William Duncan in Smashing Barriers

Local theatrical enthusiasts who often have meditated over the pleasing thought of sometimes witnessing the spectacular Broadway whirl, the "Midnight Revue," but who have failed in the realization of their dream, will be interested in the announcement that the famous "Follies" show will be brought right to their door when beautiful Olive Thomas appears at the Columbia Theatre to-day in her new and spectacular Selznick picture, "Footlights and Shadows."

Miss Thomas, it will be remembered, first gained fame as an actress while playing an important part in the "Midnight Revue," and it was but natural when she was chosen to star in a play that delineates the life of an aspiring young lady who occupies the identical position held by Miss Thomas for more than two years.

The play tells the story of Gloria Dawn, a famous star of the "Follies," who had all of New York bowing at her shrine. In order to properly depict the important periods in her career, Director John W. Noble found it necessary to reproduce to the finest detail the famous spectacle of the "Midnight Revue."

To do this all other scenes were cleared from the Selznick studio stage and the studio was converted into a replica of the original. In constructing the scene every single detail was adhered to with the result that when finished the setting was an exact duplicate of the original.

To further the effect, Director Noble engaged an array of "specialty" performers, a complete ballet and a large beauty chorus and proceeded to produce a performance that compares favorably with any Broadway production of the season. To complete the scene he engaged several hundred extras to make up the audience, and when the curtain was lowered on the last act the camera had registered a spectacle fully as elaborate and entertaining as the Broadway performance.

This is but one of the tremendously big scenes that go to make "Footlights and Shadows" one of the most brilliant photoplays of the season.

GOSSIP MIGHT DO ALMOST ANYTHING

"Tarnished Reputations" Is Not Beyond Possibilities of Our Own City

"Tarnished Reputations" is not an overdrawn sort of story. The phases in its development are circumstances that might happen anywhere. They do happen in every city to some degree but of course the picture as it is being developed on the Pantages screen to-day and tomorrow for the interest of Victoria audiences, is especially fascinating by reason of the dramatic tenseness he has been able to interject into it. In telling, the story falls short of the intense interest witnessing the exhibition of the picture gives. It is to be shown for but two days on the Pantages screen.

"Tarnished Reputations" is a typical Dolores Cassinelli picture. This beautiful star possesses remarkable dramatic power, and the audiences at the Pantages to-day and tomorrow will be greatly conscious of this fact.

Written by its producer, Leonce Perret, "Tarnished Reputations" is a series of dramatic punches. It introduces a heroine as a country maiden whose radiant freshness so inspires a young painter seeking seclusion in the village, that he paints her as the "Saint With the Lillie," and falls in love with her.

This picture makes the artist famous and he forgets the girl. Slandered by the village gossip, the girl goes to the city and struggles to earn a living. Her reputation receives another smirch when a false charge sends her to the reformatory. After her discharge she goes to the home of the judge who sentenced her, and holds him responsible for the brand the reformatory has placed upon her. The judge is not interested in her plight—she is but one of many—but one of his guests, an author and playwright, looks upon life from a different angle.

The girl interests him and he takes her in charge. This is the turning point in the girl's life. She becomes a great actress. The artist sees her and falls in love all over again, and deeper than before. The girl, however, firmly repulses his advances, but finally confesses that she is only seeking vengeance and that she really loves him. Eventually a happy ending is brought about.

Miss Cassinelli is given an opportunity to wear some beautiful gowns. The settings, lighting and photography are beyond reproach and the cast, including Albert Roscoe, George Deneubourg and Ned Burton, is equal to every requirement.

"The Prey," an Alice Joyce special production, which is to be shown in September, will present the Vitagraph star in the type of character in which she has won her greatest fame—a young girl of beauty, wealth and refinement beset by enemies who are animated by envy and covetousness. It is said to be one of her strongest plays in years.

THREE FEATURES AT ROMANO RE-OPENING

Story of Love and Adventure Featured; Fatty Arbuckle in "Back Stage"

For its reopening to-day the Romano Theatre offers a big three-feature bill. The topliner is Emmy Wehlen, in "A Favor to a Friend." The story is as follows:

If Mary Worthington had not decided to visit New York from her home in the West to take possession of the estate left her by her father, none of this would never have happened. But she did, and Mark Arnold, the crafty executor, in order to hide from her his double dealings, enlists the aid of his equally unscrupulous lawyer named Williams, in camouflaging his thefts. It is their plan to force Mary to sign an authorization which Mark Arnold has drawn up, and in which he had inserted the loophole through which he may escape with the thousands he has already lost by mismanagement.

"The Purple Pagoda" company has struggled along for a whole week on Broadway, and the producers are taking it off on Saturday night, if Danny Abbott, the press agent, who went to college, cannot dope out something to give it a new lease of life. So Danny conspires with a friend, Robert Garrison, to kidnap the star, Gloria Morning, as she arrives home from the theatre Saturday evening. They expect to advertise the abduction of the star, recover her and bring her back, and then hang out the S.R.O.

Gloria, however, refuses to be kidnapped. She has her own reasons, so when Mary Worthington decides to escape from the upstairs room where Arnold has locked her, and to flee to her only friend, Gloria, it is Mary who is enveloped in the strong arms of Robert Garrison and carried off in his powerful automobile to the sportsman's hunting lodge in the mountains.

Garrison thinks he has Gloria, and Mary, learning this, allows him to be deceived. It is a good place, she thinks, to hide from Arnold while she can figure out the matter quietly. And besides, this handsome young man who is her captor is a very interesting personage. In fact, they fall in love with each other, and when the Arnold crowd discover her whereabouts and comes to rescue her, she turns in with her abductor and helps to fight them off. And how she fights!

It is inevitable, of course, that this novel meeting and such a case of love at first sight should result in the declarations of each, followed by the subsequent engagement. And with the able assistance of her sweetheart, Mary succeeds in obtaining possession of her rightful property and punishing the unscrupulous executor.

The first episode of "The Great Gamble," and Fatty Arbuckle in "Back Stage," are the other two attractions on the bill.

NEGLECTED COLDS

Lead to Consumption

Unless a complete cure is effected the inflammation passes rapidly to the throat bronchial tubes, and then to the lungs.

You can't make new lungs any more than you can make new fingers or a new nose—hence consumption is practically incurable.

But Catarrh can be cured, except in its final and always fatal stage.

Catarrhozone
Guaranteed to Cure

The purest balsams and the greatest antiseptics are sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, nature is given a chance and cure comes quickly.

Colds and throat troubles can't last if the pure healing vapor of Catarrhozone is breathed — sneezing and coughing cease at once, because irritation is removed.

Use Catarrhozone to prevent — use it to cure your winter ills—it's pleasant, safe, and guaranteed in every case.

Two months' treatment, large size, guaranteed to cure, price $1; small size, 50c.; sample size, 25c.; sold everywhere.

Comfort Baby's Skin With Cuticura Soap And Fragrant Talcum

Soap, Ointment, Talcum 25c. each. Sold everywhere. Can. Depot: Lymans, Limited, St. Paul St., Montreal.

SCHOOL GIRL TELLS OTHERS

How They Can Find Relief From Periodic Sufferings.

Nashua, N. H.—"I am nineteen years old and every month for two years I had such pains that I would often faint and have to leave school. I had such pain I did not know what to do with myself and tried as many remedies that were of no use. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and decided to try it, and that is how I found relief from pain and feel so much better than I use to. When I hear of any girl suffering as I did I tell them how Lydia E. Pinkham's Vegetable Compound helped me."—DELINA MARTIN, 29 Bowers St., Nashua, N.H.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, therefore is a perfectly safe remedy to give your daughter, who suffers from such painful periods as did Miss Martin.

The reason so many girls write Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice, is because from their 40 years experience they have a store of knowledge which is invariably helpful.

11TH MACHINE GUN BRIGADE

Owing to the failing light in the evenings no further shooting practice will be held on Thursday at Glover Point ranges.

Whenever the range is available shooting practice will take place on Saturday afternoon, and notification of any such practice will appear in the daily papers.

There will be no range practice on Saturday, August 7, nor or the 14th prox.

"TARNISHED REPUTATIONS"

"You are lovely—You are divine—You will make me a famous painter—"

But sometimes men kiss and ride away.
They little dream of the woman they leave behind—
They little dream of the busy tongues that break hearts and tarnish reputations.
They little dream of scandal.

But to his lovely model, life became a dirge.
She became a drifting soul, friendless and lonesome in the big city.
Then came a climax moment in her life, which wrought a miracle in two hearts.

'Phone Your Classified Ads

For the convenience of classified advertisers The Times has inaugurated a new system in this department. In future, all transient classified advertisements will be absolutely on a cash-in-advance basis, but all those advertisers who cannot conveniently come to The Times office may phone in their ads, and The Times Want Ad Boy will immediately call for the money. This will avoid book-keeping charges, and at the same time place every advertiser within easy reach of The Times office.

B. C. Land & Investment Agency, Limited
Agents for Phoenix Assurance Co., of London, England.

A NEW AND BEAUTIFUL SUBDIVISION.

200 acres of the Sayward Farm now on the market in lots of 2½ acres and up.

Not for one moment can this beautiful property be compared with subdivisions during the "boom days." It is a sound proposition both from an investment standpoint and that of a country home.

Prices placed on the lots, which range from $125 per acre up, are fair and reasonable, and good terms are offered.

AS TO FRUIT GROWING—This property is well suited for the growing of small fruits, including strawberries, and with an unlimited market for such products the purchaser has every right to expect to make a little money off his land if such is his intention.

AS TO CHICKEN RAISING—The impression that it takes several hundred chickens before the chicken raiser can make money in the business is quickly dispelled by the following figures, which are authentic and which apply to a man who had to buy all feed. He had only 85 hens and these figures will show you how he made $296.11½ between July 22, 1919, and July 22, 1920:

Disbursements.

Feed	$510.90
One rooster	7.50
Eggs for hatching	10.75
Feed in stock at 22nd July, 1919	32.15
Chickens	72.00
	$632.58

Receipts.

8,229 eggs	$431.44½
Feed for 14 roosters from the farm	2.50
11 hens sold	12.10
2 roosters	6.00
73 roosters used in house	117.50
37 bags of feed in stock	185.00
197 chickens in stock	174.50
	$930.49½
Disbursements	632.38
Credit balance	$296.11½

AS TO SCENERY—The view commanded by this subdivision is truly magnificent. An unobstructed view of the Straits and Islands, also a charming outlook over Elk Lake.

NOTE—A large portion faces on the East Saanich paved road and it is proposed to leave a right of way through the land by which water can be brought from Elk Lake for the use of residents. Only eight miles from Victoria. Call and see blueprints and get further particulars.

FERNWOOD.

$4,700—BEFORE BUYING make an appointment to see this semi-bungalow of 7 rooms, on which owner has made a reduction of $800. It's absolutely a sacrifice, as he must liquidate his holdings. Panelled entrance hall with stairway leading to two large bedrooms with closets, bath and separate toilet; downstairs contains drawing room with open fireplace, beamed; dining room with panelled walls and beamed ceiling, a beautiful built-in buffet; roomy pantry to kitchen, with washroom off, stationary tubs and toilet; a full cement basement and first-class heating plant. Satisfactory terms can be arranged.

GORGE DISTRICT.

$2,300 — SEMI-BUNGALOW of 5 rooms, just outside city limits and near Gorge Road, all built-in features, 4 bedrooms, kitchen with every modern convenience, cement basement, bath and toilet; full size lot. At the price this cannot be duplicated in the district at anything near the price. Easy terms arranged.

FAIRFIELD.

$5,500—RESIDENCE of 8 rooms, with extra large lot all planted to garden and flowers; practically new and in spotless condition; all modern conveniences, such as panel and beam work, open fireplaces, built-in window seats, buffet, 2 toilets, full cement basement, tubs and furnace. To prospect for a home in Fairfield, no buyer will come to a decision till this home has been inspected. Terms can be arranged.

JAMES BAY.

$2,450, ON TERMS, will buy you a real, 5-room, modern bungalow, within a few minutes' walk of the Government Buildings, a home that is occupied by the owner and in first-class condition, and does not need a cent spent on it. Good garden, basement, etc. You want a small, attractive home in easy walking distance. SAVE THAT CAR FARE. Terms arranged.

ACREAGE.

JUST UNDER 10 ACRES, cleared and partly tile drained; soil, chocolate and sandy loam, with clay sub-soil, very productive; situated on main highway and within 100 yards of B. C. Electric station, close to beach and with unobstructed view of Gulf and Islands. There is a good 5-roomed cottage with bath and toilet, water laid on, together with barn and chicken houses, also good domestic orchard just coming into bearing and plenty of small fruits. The place is now being run as a dairy farm. We concede that this is one of the most desirable pieces of property offered for sale to-day at the price of $7,500. Cannot be duplicated elsewhere under $10,000. Terms arranged.

SITUATED in the famous fruit district of Gordon Head, we have been favored with the listing of an exceptionally attractive piece of property, comprising 5 acres all planted in orchard and small fruits, comprising logan, strawberries, raspberries, currants, rhubarb and asparagus. Buildings consist of a comfortable 5-roomed house, bath and toilet, open fireplace and large porch surrounded by lawn, with profusion of ornamental shrubbery; barn with stabling and fruit packing accommodation, chicken houses and runs, Chinaman's quarters, ample supply of water. If you are particular and are looking for an investment where a good revenue can be made amidst congenial surroundings this at $10,000, on terms, should appeal to the most severe critic.

4244—MOSS STREET, near Fairfield Terrace. This is one of the best constructed 7-room homes in the city, hardwood floors, all manner of built-in effects, beautifully planned rooms; large, bright, airy bedrooms; back stairs entrance to upstairs; full cement basement, furnace, stationary tubs; large lot with a high elevation overlooking lower Fairfield. This is not an old home, and the low price of $7,800. Out-of-town owner is very anxious to sell.

4269—CLOSE TO STADACONA Park and on a high elevation. We offer a modern, beautiful, 8-year-old and most substantially built 7-room home, completely furnished, including Gerhard Heintzman piano; large gas range installed; several Axminster, Persian and Brussels rugs. Everything to hand to start housekeeping at once. Total price, $6,300. The semi-bungalow has just recently been stained a dark brown, oil color; 4 large, bright, commodious rooms; exceptionally well designed pantry; the breakfast room is ideal. This forms the downstairs. There is also a backstairs entrance to the bedrooms, which are large, bright and attractive; large clothes presses and linen presses; separate bath and toilet; lot 47x120, is in lawn, stone fence in front. Property is within easy walking distance of the High School and other schools, also to many of the churches. If you are seeking a home it will pay you to inspect this before buying.

PROVINCE OF BRITISH COLUMBIA. WESTMINSTER BRIDGE.

Separate tenders, addressed to the Chief Engineer of Railways, Victoria, B. C., for the undermentioned work on Westminster Bridge will be received at the Office of the undersigned up to the dates hereunder specified, as follows:

(1) To supply and install new gates, complete with motors and framework, at each end of Swing Span, in place of existing gates to be removed. Tenders close at noon on August 31, 1920.

(2) Re-construction and repair of Pier protection crib at Swing Span. Tenders close at noon, August 9, 1920.

Plan and specifications can be seen at the Inspector of Equipment's Office, Court House, Vancouver; at Superintendent Gifford's Office, Westminster Bridge, and at the Department of Railways, Victoria, B. C.

Tenders to be marked "Westminster Bridge Gates" or "Westminster Bridge Pier Protection," respectively, and accompanied by an accepted cheque for 5% of bid, payable to the Minister of Railways.

The lowest or any tender not necessarily accepted.

A. F. PROCTOR, Chief Engineer of Railways. No. 307.

NOTICE.

NOTICE is hereby given that a petition will be presented to the Lieutenant-Governor-in-Council praying for the constitution of the following lands, namely: Lots 1, 2, 3 and 4 of the southeast quarter and lot 1 and part of lot 8 of the southwest quarter of section 26, lots 13 and 14 of the northeast quarter and part of lots 10 and 16 of the northwest quarter of section 23, containing approximately 90 acres, all in Township 43, in Rupert District, into a development district under the name of "The Cape Scott Dyking District," pursuant to the provisions of the Drainage, Dyking and Development Act and amending Acts, and for the appointment of the undersigned as Commissioners to execute, maintain and operate existing and further works for the reclaiming and improving the said lands by draining and dyking.

Objections to the said petition may be filed with the Comptroller of Water Rights, Victoria, B. C.

Dated this 22nd day of June, A.D. 1920.

PEDER ANDERSON, J. J. SKINNER, RICHARD R. BICE, Proposed Commissioners. No. 284.

NOTICE TO CREDITORS.

In the Matter of the Estate of John Andrew Mara, Late of Victoria, Deceased.

NOTICE IS HEREBY GIVEN that all persons having any claim or demands against the late John Andrew Mara, who died on or about the 11th day of February, 1920, at Victoria, in the Province of British Columbia, are required to send by post, pre-paid, or to deliver to the B. C. Land & Investment Agency, 922 Government Street, Victoria, B. C., their names and addresses and full particulars in writing of their claims and statements of their accounts and the nature of the securities, if any, held by them.

AND TAKE NOTICE that after the 21st day of August, 1920, the Executors will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which they shall then have had notice, and that the said executors will not be liable for the said assets or any part thereof to any person of whose claim they shall not then have received notice.

Dated at Victoria, B. C., this 17th day of July, 1920.

BARNARD, ROBERTSON, HEISTERMAN & TAIT, Solicitors for G. H. Barnard and the said B. C. Land & Investment Agency, Executors of the last Will of the said John Andrew Mara. No. 208.

Militia and Defence

Residents of Esquimalt, B. C., in the vicinity of Signal Hill Battery, are advised that firing will be carried out between the hours of 9.00 a. m. and 12 noon, Tuesday, August 3, 1920.

LAND REGISTRY ACT.
Section 24.
In the Matter of Lots 1646 and 1647, Victoria City.

PROOF having been filed in my office of the loss of Certificate of Title No. 10361-A to the above mentioned lands in the name of John Dougall, and bearing date the 31st day of July, 1890, I hereby give notice of my intention, at the expiration of one calendar month from the first publication hereof, to issue a fresh Certificate of Title in lieu of such lost Certificate.

Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

Dated at the Land Registry Office, Victoria, B. C., this 2nd day of July, 1920.

FRANK J. STACPOOLE, Registrar-General of Titles. No. 95.

NEIGHEN SPEAKS IN PORTAGE LA PRAIRIE

(Continued from page 1.)

tenant-Governor of Manitoba, and Hon. T. C. Norris, Premier of Manitoba, were next in line, followed by members of Parliament, Senators and many others.

Luncheon.

The parade was dismissed at the park before noon, and the Prime Minister had an hour with his friends. At 1 o'clock a luncheon was held in his honor in the park pavilion, and was attended by about 250 guests, who included reeves and mayors of Manitoba municipalities, the Lieutenant-Governor and the Provincial Premier, and members of Parliament and Senators. Mrs. Meighen was present, with the presidents of local women's organizations. Following the luncheon there were brief speeches by Mayor Metcalfe, Sir James Aikins and Premier Norris. Pride of the people of Manitoba in Mr. Meighen's elevation to his present post was expressed by the speakers, and Mr. Meighen replied briefly.

Sports.

In the meantime thousands of citizens and visitors ate picnic lunches in the park and in the afternoon for their entertainment there was a programme of sports. For the Prime Minister the afternoon was free from official functions until 4 o'clock and he went about the grounds renewing acquaintances and greeting his constituents.

At 4 o'clock, in front of the grandstand, Mayor Metcalfe read the city's formal welcome to the Prime Minister.

Later Mr. and Mrs. Meighen are to dine at the home of F. G. Taylor, M. P. P., and in the evening there will be a public reception in their honor, this concluding the day's events.

"Get Together."

Portage la Prairie, Man., Aug. 2.—(Canadian Press)—"Cheer up and get together."

This, said Premier Meighen in an address to the people of Portage la Prairie this afternoon, is what Canadians should do if they were to eliminate existing difficulties and unrest.

It was the duty of the hour, said the Prime Minister, vigilantly to redress all just causes for complaint in Canada and to back this with the "united moral force of right thinking people."

Better Understanding.

The Prime Minister appealed for a better understanding between English, Canadians and French Canadians, and in this connection he said:

"We ought to, we have to, get away from differences that really are not differences at all from the standpoint of the vital concerns of the country. We have two great races. The fundamental institutions of Canada are just as dear to the one race as to the other. There are just as many friends of law and order and responsible government among the French-Canadians as among the English-Canadians.

"The Premier of Quebec, the Hon. Mr. Taschereau, said a few nights ago that the time had come when what he described as the isolation of Quebec should cease and when that province should take its full part in the government of this Dominion. He appealed for a spirit of co-operation to take the place of a spirit of estrangement. I re-echo that appeal. I believe it to be my duty to answer that appeal to the utmost of my power. I hope it receives a warm and a cordial response in every part of this country. Neither side feels or will admit responsibility.

Look to Future.

"If we wait until either side admits responsibility for what estrangement has existed we will never get anywhere. Let the question of responsibility go by and let us look to the future.

"The peril of every nation has been a tendency to divide on lines of race, on lines of religion, on lines of social caste, on lines of occupation. When the tendency gets too strong the beginning of the end has come. If we do not come together and reach a better understanding and a better unity on things that are vital and essential to the state, there will be a heavy penalty paid."

Non-Political.

Hon. Arthur Meighen was addressing a non-political gathering of his fellow citizens, met to honor him on his elevation to the Premiership, and he did not talk politics. He surveyed national conditions in a broad way and appealed for a closer spirit of co-operation among all classes.

"My struggles still are mainly in front and not behind," he said, "it is by performance and not by accession that all men in public life are judged."

No Extremist Movement.

Speaking of extremists, enemies of law and order, he said:

"Against these foes there must be set the united moral force of right thinking.

"There can be no compromise with what is fundamentally wrong. We cannot tolerate what is merely selfish and destructive. The common sense of the country must take warning in time, and stand irresistibly against it. The fortification of law and order must remain impregnable.

"On the other hand, there can be no curtailment of the rights of the people at the hands of commercial power or any other power. The bonds of freedom never can contract—they must progressively expand. But the liberty we seek is ordered liberty; it is liberty under the law; it is described best of all as British liberty. The Government of the nation must take its stand between the enemies of order and the enemies of liberty.

Sale No. 1607

Messrs. **Stewart Williams & Co.**

Duly instructed by Mrs. McDougall, will sell by Public Auction at her residence, 808 Fisgard Street

To-morrow, August 3

at 1.30 the whole

Household Furniture and Furnishings

Including: Upright Piano by Palmer of Toronto, Piano Stool, 2 Mahogany Centre Tables Divan Chair, Couch, Oak Rocker, Jardinieres, Plants and Stands, Ornaments, Oak Ex. Table, set of Diners, Oak Side and Oc. Tables, Royal Heater, Bookcase and Books, Axminster and Brussels Carpets and Rugs, Arm Chairs and Rockers, Dinner, Tea and Glassware, "Canada Pride" Range, Gas Range, Kitchen Tables and Chairs, Cooking Utensils, Washing Machine and Wringer, Tubs and Boards, Lawn Mower, Wood and Coal, White En. Beds, Springs and Restmore Mattresses, Oak Bureaus, Bedroom Chairs, Mirror, 4 Fold Screen, Linoleum, Blankets, Pillows, Carpet Sweeper, Mops, Hospital Bed Spring and Mattresses, Stretcher and Mattresses, Gas Heater, Ironing Board, folding Table, Refrigerator and other goods too numerous to mention.

On view to-morrow afternoon from 2 o'clock.

For further particulars apply to The Auctioneer STEWART WILLIAMS, 410 and 411 Sayward Building. Phone 1324

City Market Auction

TUESDAY AND FRIDAY

To-morrow, 2 p.m.

Fine Holstein, 7 years, 5 gallons, due August 13, Brindle Cow, due August 10, horse, Harness and Sulkie, Chickens, Rabbits, Carpets and other Household Goods. Entries received up to noon Tuesday.

ARTHUR HEMINGWAY. Phone 2484 Auctioneer

IN THE SUPREME COURT OF BRITISH COLUMBIA.

In the Matter of the Estate of John Oliver Donahoo, Deceased, and In the Matter of the "Administration Act."

Notice is hereby given that under an order granted by the Honorable Mr. Justice Murphy, dated the 21st day of July, A. D. 1920, I, the undersigned, was appointed Administrator of the Estate of the above named deceased, with the Will annexed. All parties having claims against the said Estate are requested to forward particulars of same to me on or before the 31st day of August, A.D. 1920, and all parties indebted to the said Estate are required to pay such indebtedness to me forthwith.

Dated at Victoria, B. C., this 2nd day of August, A.D. 1920.

RUPERT LESLIE COX, Official Administrator. No. 327.

NOTICE TO CREDITORS.

In the Matter of the Estate of Mary Ann Phillips, Late of Victoria, Deceased.

Notice is hereby given that all persons having any claim or demands against the late Mary Ann Phillips, who died on or about the 28th day of November, 1919, at Victoria, in the Province of British Columbia, are required to send by post, prepaid, or to deliver to Heisterman, Forman & Co., 608 View Street, Victoria, B. C., their names and addresses and full particulars in writing of their accounts and the nature of the securities, if any, held by them.

And take notice that after the 1st day of September, 1920, the Executors will proceed to distribute the assets of the said deceased among the persons entitled thereto, having regard only to the claims of which they shall then have had notice, and that the said Executors will not be liable for the said assets or any part thereof to any person of whose claim they shall not then have received notice.

Dated at Victoria, B. C., this 21st day of July, 1920.

JAMES FORMAN, HUBERT LETHABY, Executors of the Last Will of the Said Mary Ann Phillips. No. 324.

His Honor Lieut.-Governor Col. E. G. Prior has kindly consented to open the

Garden Party

to be held at the residence of Mrs. T. Palmer, 2531 Pleasant Street, Point Ellice, on August 4, from 3 to 10 o'clock, under the auspices of the W. A. to the G. W. V. A. General admission, afternoon, 15 cents; evening 25 cents. High tea from 6 until 7, 50 cents, including evening admission. G. W. V. A. band will furnish music in evening. Victoria Operatic Dramatic Society are giving an amusing sketch, "The Dear Departed." Community sing, led by band. Dancing on lawn. Come and help us make it a success. Proceeds in aid of G. W. V. A.

TWO KILLED IN VANCOUVER SMASH

Vancouver, Aug. 2.—Two were killed as a result of a collision between a motorcycle and an automobile on Granville Street at Connaught Drive, Shaughnessy Heights, late Sunday night. The dead: Miss Irene Bosquet, aged thirty-seven, Broadway West, and Mickey Peterson, 1416 Thirty-sixth Avenue East. They were riding the motorcycle.

It is stated that the motorcycle attempted to pass in front of an automobile driven by Whitfield W. Stuart, a lumberman and president of the South Shore Lumber Company. The automobile struck the lighter machine, carrying it a considerable distance.

Miss Bosquet died at 1.25 this morning, and Peterson four hours later. The girl worked in a Hastings Street candy store.

WELL-KNOWN RESIDENT

Mrs. George Rogers Passes at Age of Forty-nine Years.

A well known resident of Glanford Avenue, George Rogers, is bereaved by the death of his wife, Mrs. Lily Rogers passed away this morning at the Burdett Private Hospital, at the age of forty-nine. For twenty-seven years she has resided in the district, being a native of Hilberton, Trowbridge, England. Mrs. Rogers is survived by one son, George W. Rogers, and two daughters, Ethel and Beatrice. She leaves four brothers and two sisters, in England.

The funeral will leave the B. C. Funeral Company premises, Broughton Street, at 2.15 o'clock Wednesday, and service will be held at St. Mark's, Boleskine Road, at 2.30 o'clock. Interment will take place at St. Michael's, Royal Oak.

MR. PATTULLO BACK

Minister of Lands Returns to Victoria After Northern Trip of Inspection to Constituency

After a three weeks' tour of inspection in the Queen Charlotte Islands which also took him to various points on the northern central mainland the Hon. T. D. Pattullo, Minister of Lands, returned to his office at the Parliament Buildings this morning.

The Minister describes conditions on the Islands as exceedingly prosperous and the settlers as contented with their lot. It is two years since Mr. Pattullo visited this section of his constituency last and the progress made in the meantime struck him as eloquent proof of the enterprise of the northern people.

LETTERS

Letters addressed to the Editor and intended for publication must be short and legibly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

CAR FARES.

To the Editor,—The street car fare question now being juggled with by the Council and the B. C. Electric Railway Company is almost absurd enough to be amusing. I think the facts if brought to light would show that the question of reduced and constantly-reducing revenue is at the bottom of the difficulty—not the question of increased expenses. If the company would revert to the old rates—with universal transfers—it might regain the good will of the citizens who now only patronize the cars when absolutely necessary.

The cars are running half or less full, and the company is committing business suicide by its continual aggravation of public sentiments. If the patronage continues to decrease we may logically look for continued increases in fares. Let the officials of this city and the B. C. Electric Railway study carefully the history of the lines in Philadelphia, Pa., where the rate of five cents is maintained, dividends are paid stockholders and the public proud of its transportation system—all because of an attitude of co-operation between the company and the public.

The jitney question would take care of itself if the B. C. Electric Railway would take care of the public instead of antagonizing it, and wise officials know it.

W. O. EDWARDS.

CONTRACT AND DAY LABOR.

To the Editor:—Since our aldermen seem undecided as to the merits of day labor as compared with contract labor re the building of the Johnson Street bridge a respectful comparison of the two may be of service.

If the bridge is built by contract and a time clause is inserted, the city will know to a dollar what the bridge will cost, and when it will be open. If by contract, the contractor will be at liberty to pick out the best among our local workers whether they carry a labor union card or not.

If an attempt is made to build by day labor and on the cost plus system, the cost to the city may be easily more than the cost of the whole bridge if built by contract. Another thing, labor unions flourish temporarily under the cost plus system, since the contractor gains financially the move pressing are the labor unions demands. In other words, the more the bridge can be made to cost by boosting wages, the more the contractor profits. Thus in cost plus undertakings we generally hear of most "amicable relations" between the contractor and the labor man.

Our new building at Ottawa is a case in point. When the plan for this building was drafted the cost was estimated at $4,000,000. About two years ago the "labor leaders" succeeded in making a "closed shop" of this job, with the connivance of certain contractors. To date it has cost $9,000,000, and the end is not yet. This $5,000,000 excess cost will be paid by all Canadians, but who will foot the bill for the Johnson Street bridge?

WALTER FOSTER.

THE RAILWAY QUESTION.

To the Editor,—The decision to advance freight rates another 30 per cent. should arrest the attention of all who are interested in the success of our national railways. It is doubtful if this increase would have taken place if the C. P. R. had been nationalized along with the other lines. For the nation to take over all the non-paying concerns, leaving the other sections that were paying well, in the hands of that sacred thing, known as private enterprise, is not the kind of thing that private enterprise would want to do itself. The story of our national railways is the story of the breakdown of competition and private enterprise in the realm of transportation.

In Great Britain they have discovered that there is a limit to increased railroad charges and the managers have called a halt because the trains are running empty and the seaside resorts are no longer doing business, while the amount of freight returns are showing a steady decline. We may not be able to draw an exact parallel between the two countries, but we may infer that as great increases in charges have slowed the business of transportation down in Great Britain, so in like measure it will do it here. It will of course send up the cost of production and living, which will be followed by another demand for increased wages. We are still going round in a circle, only the circle is contracting. The one thing that should be done is the one thing we are afraid to do, and that is to nationalize the whole transport and express service of this country and run it for use instead of profit, like the postal service. We have always had the best results from that service because the profit idea took a secondary place or no place at all. This being an intensely practical thing to do, we shall carefully avoid doing it until a new generation has grown up with more understanding, vision, courage and faith than we seem to possess. From a purely modern business point of view, the main drainage scheme in any great city is a failure because it does not declare a dividend. Yet it pays well because it preserves the people. Transportation in this vast country might well be treated in like spirit, so that in seeking no profit (from a commercial point of view) we should find a profit of quite another kind, which is summed up in the ideal of national service. In the meantime we should crowd on all the support and business we can to the national lines.

W. H. PRATT.

CHINESE CAUGHT AT FAMILIAR PASTIME

Opium Smokers Admit Guilt and Are Fined Usual Amount

Lee Chong, King, Lee and Wong Lung, four smiling celestials, arrested in the early hours of the morning by Sergt. Fry, with Constables Harper and Strange, admitted to having frequented an opium joint, in the face of overwhelming evidence, and each paid $20 with $2.50 costs, for the privilege. A quantity of smoking paraphernalia was exhibited, and declared forfeit in accordance with the act. The police raided the premises in the rear of 546-548 Fisguard Street, and found the Chinese smoking.

Bow, another Chinaman, found by Sergt. Fry and his squad in cabin 6, near Theatre Alley, admitted to having been caught in the act. Sergt. Fry testified to the fact that he entered the cabin and found Bow with another Chinaman smoking opium. While the sergeant was arresting the accused, his companion made a get-a-way, leaving behind pipe and three bowls, with a small quantity of the cooked opium. Bow paid the same penalty as his colleagues.

John Gilligan, charged with having liquor in other than a private dwelling, was remanded until Tuesday. J. A. Sayward, charged with exceeding the speed limit on the Gorge Road, called on remand from Saturday failed to appear, sending a certificate from Dr. Ridewood to the effect that he was suffering from acute lumbago, and would be unable to attend. Mr. Harrison asked the court to hold the case over until Thursday to give Mr. Sayward a chance to attend, stating that he took objection to the remarks made by the accused in connection with the evidence of the constable who noted the offence alleged.

Harry Williams, heard on remand for the assault of James Cartwright, was represented by R. C. Lowe, who asked for a remand which was granted. The date was set for Tuesday, giving the accused time to obtain further witnesses. Dr. John Moore, told the court of attending to the injured man at St. Joseph's Hospital, stating that Cartwright was admitted in an unconscious state, but that he recovered rapidly. The latter's injuries amounted to slight concussion, and a laceration on the right side of the head. The injured man appeared in court to-day, having been discharged from the hospital, but his evidence was withheld

BANDIT ALARM SPREADS TO WEST COAST VILLAGES

(Continued from page 1.)

could be used, but the trail is long and too arduous for most men to follow at any high rate of speed.

It is explained that the nervousness over Barry's escape in this way to the coast is based on the ease with which he could get away altogether once he got through to the coast.

Escape to Washington.

Along the West Coast there are small settlements of Indians, mostly fishermen with motor boats. It would not be difficult for Barry to steal one of these motor boats at night and make for the South. Close is less than fifty miles from the western part of the State of Washington, where Barry could abandon the boat and take to land.

As Barry is apparently well supplied with money it would not even be necessary for him to steal a motor launch, as that would cause an alarm to be sent out as to his presence. Indians for a good fee would be quite willing to take him almost any place in their boats.

Given No Rest.

Chief Constable Stephenson, who is in charge of the forces of the Provincial Police engaged on the man hunt, declared that failure so far to get their man has made them all the more keen to make sure that he does not escape. Since the bandit first got into the district north of Nanaimo the police have had little rest. Night and day Mr. Stephenson is seen tearing along the road between Nanaimo and Parksville, following up clues and directing the search of detectives and police.

"We are going to take no chances with this fellow," Mr. Stephenson is quoted as saying to those on the trail of Barry.

Besides the regular police armament, Mr. Stephenson carries with him a long distance rifle. He says that the first time he catches sight of Barry he will bring him down with a shot from the rifle and thus protect the community from one of the most dangerous characters that has been found there in years. Mr. Stephenson is known as a crack shot.

Detectives Disguised.

Detectives Carlow and Macdonald from Victoria detective force have returned to the hunt after a trip to Victoria to discuss the serious situation with high police heads. These two men have charge of the more technical detective work.

Every motorist who dares to use the roads north of Nanaimo is warned to beware of the bandit. The police fear that if Barry is still in the district he may seize the motor car of some traveler, take his clothes, bind the man to a tree in the woods and then make a dash through the police lines in the motor.

Bloodhounds have been brought in from New Westminster as well as Island points to take part in the man hunt.

SNAKE-SWALLOWERS.

After a lapse of five years, the annual convention of the snake-eaters of Northern Africa has lately been held. Seventeen of the most renowned reptile consumers from various parts of Tunis and Algeria took part.

An extraordinary feature of the convention was that most of the snake-eaters served in the French Army during the war, many of them wearing the medals they won in France.

More than four hundred small snakes of various sizes were carefully measured and distributed to the competitors. A score-keeper watched each man, and the spectators cheered the "eaters" at the top of their voices.

"The "eating" consisted of forcing a snake into the mouth as quickly as possible, but no bunching or rolling up of the reptiles was allowed. The snake had to be forced in head first, and as soon as the tail had disappeared, which it usually did with extraordinary rapidity, the competitor quickly snatched it out of his mouth and inserted another.

The man who finished his twenty-four snakes first was adjudged the winner, and was presented with a prize consisting of a round ball studded with brass nails and hung with brass chains, to which were attached silver and gold coins.—Tit-Bits.

PREACHER AND PUBLISHER.

Dr. George P. Eckman, one of the foremost preachers of the Methodist Episcopal Church, at one time editor of The Christian Advocate, New York, and at his death pastor of Elm Park Church, Scranton, Pa., died very suddenly at his home a few days ago. Dr. Eckman succeeded Dr. Buckley in the chair of The Advocate in 1912. At the end of three years' service he resigned to become pastor of the church which he has since served.

ICE CREAM SODAS SHOW BIG PROFITS

Some Yield 250 Per Cent., Investigation Shows; Prices Up

New York, August 2.—Profit on some kinds of ice cream soda is 250 per cent. and most dealers are making more than 100 per cent on the public's thirst, according to an investigation into the ice cream soda business.

Just three years ago, an ice cream soda cost five cents in the majority of places and ten cents where the fountain or shop was a little more elaborate. These sodas contained a generous serving of ice cream.

To-day, sodas are retailing generally throughout New York for seventeen cents. In many ornate establishments they cost twenty-two and twenty-eight cents. And here is the overage cost of the ingredients of an ice cream soda, such as we get in these post-war days:

Ice cream	$ .0284
Corbonated water	.0015
Flavoring syrup	.035
Labor	.0035
Cashier	.0025
Overhead	.01
Total	$ .0809

One would imagine that the cost of the ice cream was the heaviest expense, but according to a deep, dark secret, owners of soda water fountains are among the chosen few to whom the ice cream manufacturer sells his product for $1.42 a gallon. That means that ice cream costing from 70 cents to $1 a quart for home consumption costs the proprietor of a 1920 fountain pust 38 cents.

More Profitable Than Whisky.

"Yes, the cost of living is going up," said an exbartender who now performs wonders in mixing soft drinks at the fountain of a famous hotel. "In the old days, father could send the can to the corner once or twice during the evening and have a social time with some friends on the front porch for the price of two rounds of beer. And twenty-five cents for a quart of ice cream would keep the family happy. To-day the ice cream costs more than the beer and cream in those days."

"Yes, everybody selling ice cream sodas is making money," agreed J. A. Sangston, of the American Soda Fountain Company. "Not so long ago a customer of ours who, several years ago, purchased a fountain from us for $10,000 paid an income tax amounting to $15,000. The hotel proprietors who derived large revenues from bars are finding that soda fountains will produce even higher revenues. A few years ago a good fountain could be purchased for $6,000. The other day we sold a fountain for $23,000."

Only one place could be found yesterday where a sure enough ice cream soda may be purchased for ten cents, and that was in the basement of a five and ten cent store.

News of Markets and Finance

FLOUR PRICES FALL, BUT NOT HERE

American Markets Tumble, But Government Holds Up Prices in Canada

The fall of 80 cents a barrel in the price of flour in Seattle and other American cities to-day does not mean that there will be any corresponding reduction in the price of flour in Victoria, it was explained by flour men here to-day.

The fall in the price of flour in the United States is due to the tumble in the price of wheat, it is explained. Wheat in the United States has been put on the open market. In the two weeks that it has been free from Government restrictions and on open trading in Chicago it has fallen from $2.75 to $2.08 a bushel for December delivery.

In Canada the price of wheat is still under Government control and is being maintained at the maximum of $3.15 a bushel, Fort William, for consumption in Canada. For export, however, Canadian wheat is being sold at the world market price which on the Chicago basis is around $3.10 a bushel to-day for December delivery.

Local flour men said to-day that there will be no reduction in the price of flour to Canadians until the Government control of the price of wheat is removed as it has been in the United States. The wholesale price of flour here is still $14.55 a barrel, where it is taken in carload lots of 98-pound sacks.

No definite announcement has yet been made as to when Government control of the Canadian wheat market will be lifted. Farmers on the Prairies are opposing the return of the open market.

ROCK WHICH DOES NOT GLITTER MAY HIDE GOOD METAL

Such Is Lesson of Address by S. S. Fowler to Mining Convention

That a prospector should not always judge a rock by its looks, was the moral enforced before the International Mining Convention last week, by S. S. Fowler, manager of the New Canadian Metal company. Mr. Fowler, whose subject was "Oxidized Lead Ores," produced some ordinary looking pieces of rock, which was really weathered galena.

Glittering Objects

Often, stated Mr. Fowler, a prospector failed to attach any value to deposits because they failed to glitter—and it was human nature to be attracted to glittering objects.

In the Blue Bell mine he had found oxidized lead ores at a depth of 400 feet below the level of Kootenay lake, which seemed an anomaly. His explanation, and he took credit for originating the theory, was that the weathering of the deposits, when perhaps there was only a Kootenay river at some remote period.

Oxidized deposits pre-supposed geological disturbances, and the grinding and crushing forces of earth movements were necessary to free the sulphur.

Blue Bell Mine

"Some years ago, in the Blue Bell mine," said Mr. Fowler, "I found an area on the surface never disturbed, but utterly barren of vegetation—not a tree on it more than a foot high, not very large—about half the size of this hall, and I became anxious as to what was underneath. I opened it up and discovered a body of ore, lead bearing, and I decided to ship some of it. It is strange looking ore, showing no signs of values, and when it was shipped the roadmaster on the railway said whoever sent it ought to be in an asylum and that he knew where there were millions of tons of such rock. Well! He is still out of the asylum."

Mr. Fowler stated that in his early career at the Blue Bell he had come to the conclusion that British Columbia did not have oxidized lead ores. Now, however, the Blue Bell, the Electric Point, across the line, and the North Star, at Kimberly, were regular shippers of this type of ore.

Earthy Appearance

The typical oxidized lead ore was earthy, he said, and often looked like gravel with often an iron stain. The lead itself was quite earthy in appearance, and was nothing less than a yellow ochre, more or less contaminated with other materials. By water concentration he was able to collect 14 per cent. lead from this ore. It was really questionable whether it was more desirable for paint or for lead. In the case of the Blue Bell, the facilities were at hand, so he extracted the lead.

Referring to his wet concentration process, Mr. Fowler said he used rock crushers and rolls, and ordinary Harts jigs, all material under one millimeter being concentrated by hydraulic classification on Wilfley or Deister tables. The middlings from the jigs were reground in one or two rolls and the Huntingdon mill was also used.

CROP REPORT OUT

Chicago, Aug. 2.—Snow's crop report makes corn condition, 86.7 per cent.; 2,990,000,000 bushels; Winter wheat crop, 543,000,000 bushels; Spring wheat condition, 80.1.

NEW YORK STOCKS CLOSE WEAK TO-DAY

(By Burdick Brothers, Ltd.)

New York, Aug. 2.—The stock market was very unsettled here to-day and much lower prices were recorded. The steel and industrial issues were soft on account of the coal situation, but no reason was in evidence from the start and the bears seemed to have things all their own way. U. S. Rubber broke badly, losing 7 points from the high. The rails were a keen disappointment as most of the optimistic traders figured that after the rate increases were granted a quick advance seemed certain. On the contrary, however, they all sold off and the close was in line with the balance of the list.

PARIS BOURSE.

Paris, Aug. 2.—Prices were barely steady on the bourse to-day. Three per cent. rentes, 58 francs 67 centimes, exchange on London, 48 francs 75 centimes. Five per cent., 58 francs 50 centimes. The dollar was quoted at 13 francs 3½ centimes.

% % %

SILVER.

London, Aug. 2.—Bar silver, holiday. Money, 5½ per cent. Discount rates: Short bills, 6 to 6⅛ per cent. higher; three months' bills, 6 11-16 to 6¾ per cent.

New York, Aug. 2.—Bar silver, domestic, 99½ cents; foreign, 93⅝ cents; Mexican dollars, 71 cents.

School Accommodation.

Cumberland: The additional accommodation so urgently needed in the Cumberland school will shortly be provided, according to information received yesterday by A. McKinnon, secretary of the Board of School Trustees. S. J. Willis, Superintendent of Education, says that the Public Works Department is now drawing plans for the addition of an extra storey to the present school and that tenders will shortly be called for.—Cumberland Islander.

Principal Resigns.

Cumberland: A. J. Richards, Principal of the Cumberland school, writing from Alberta, sent in his resignation to A. McKinnon, secretary of the Board of School Trustees, this week. Owing to the short notice given by Mr. Richards the Board anticipate no little difficulty in securing a suitable man for the opening of the new term.

TO-DAY'S EXCHANGE

(Burdick Bros., Limited.)

Montreal, Aug. 2.—New York funds to-day, 12 7-16 per cent.

New York, Aug. 2.—Demand sterling to-day, $3.73¾.

New York silver to-day, $0.99½.

GRAINS SHOW STRENGTH AT CLOSE TO-DAY

(By Burdick Brothers, Ltd.)

Chicago, Aug. 2.—The corn market was very erratic, but the close was stronger on shorts covering and also by some longs who figured that a rally is due. Wheat also was wild, but followed corn and the close was stronger.

NEW RAIL RATES MEAN HIGHER COSTS

Merchants Fear Business Will Be Slowed Down and Prices Kept Up

Increase of freight rates on American roads from 25 to 40 per cent. and the practical certainty that the same increase will be put into effect in Canada means that there will be no incentive to rush to cut goods prices, Victoria merchants said to-day.

The big increase in freight rates, they say, will mean that goods that have been brought in from Eastern Canada under the present freight tariff will be considerably cheaper than the cost of the goods to replace present stock. Merchants therefore will not be inclined to be over-anxious to get rid of present stock at sacrifice prices when they know that they will not be able to replace it without paying the big increase in freight costs.

Increased freight rates, by adding to the cost of doing business and the cost of living, will greatly slow up business all over the country, merchants fear.

Stock prices in New York were slaughtered to-day as holdings of industrial issues were dumped on the market because owners believe that the higher railway rates will greatly slow up business and cut down profits.

SAYS LAWYERS HOLD GREAT TORCH TO LIGHT HUMANITY

Washington State Bar Has M. A. Macdonald, M.P.P., For Orator

PUBLIC OPINION GREAT, BUT LAW PRECEDES

Aberdeen, Wash., Aug. 1.—Public opinion is the greatest force in the universe, with all men either loving it or fearing it, following it or making concessions to it, as it dissipates the clouds of rancor, jealousy, false alarms and impeding prejudices, M. A. Macdonald, M. P. P., of Vancouver, told members of the American State Bar Association of Washington at their convention here Friday.

Mr. Macdonald was the orator of the evening. He spoke on "Law and Public Opinion."

"In civilized countries it is a trite maxim that all law must have public opinion for its bases," said Mr. Macdonald. "Austin defined law as a command. But that definition is practically obsolete because it smacks too much of military discipline.

"Statutes which have not the support of public opinion behind them are ineffective. Statutes follow public opinion but law does not. Law precedes it and forms it. The statute is simply the expression of law; it is the formulating in words of legal principles which incubated in the public mind until public opinion on the point was formed. Without public opinion behind statutes fail to accomplish the purpose of their enactment and are often unenforceable.

Just Enlightened Opinion

"You may challenge that statement and say that laws are often passed which do not originate in any public demand. Quite true. But is it not equally true that sooner or later they must answer at the bar of public opinion, and if they fail to measure up to its demands they become obsolete?

"My submission is that justice is simply the enlightened opinion of mankind. Public justice or public opinion when outraged though garbed like a maid can assume the form of a young giant manacled and break the bonds.

Sanctions International Law

"Look abroad into the field of international law and we again find that to a pre-eminent degree in that sphere the public opinion of mankind is the only power that can give it sanction.

"We all, of course, know the fundamental difficulty in applying and enforcing international law. Local laws, the laws of sovereign powers, countries, states or parishes are enforceable because a police power in each, representative of the strong arm of the state, is kept in readiness to see that its decrees are executed.

Of course, this police power must have public opinion behind it in its turn, else it would be entirely impotent.

"But in the international field there is no police power in the background to enforce its decrees.

Partly Misnamed

"Indeed, international law is largely a misnomed. It is not a law in the general accepted significance of that term. It has no existence in the sense in which the term 'law' is usually understood. Because there is no tribunal to enforce its decrees it is somewhat misleading to apply the word 'law' to it. There have been efforts to establish international courts of their counterparts at The Hague and by means of the League of Nations—the outgrowth of the late war.

"These 'international courts' so to speak are not yet established, they are only in the making in the melting pot. Why? Simply because public opinion, in this case world opinion, so far as civilized nations are concerned, has not yet reached the point where it can give to such a court that necessary public sanction.

Not Advanced Enough

"Public thought on this question has not yet reached its orderly orbit. It is to-day in the stage of 'clamor' or 'jargon,' but I feel confident that the 'settled thought' will eventually emerge out of the present day clamor of arguments and that some time in the future, perhaps in the dim and shadowy future beyond our time, international law will yet obtain that public sanction, that enlightened public opinion of mankind which alone can make it effective.

"Can we doubt it? Is war to continue to be the only method of settling international disputes? Surely not. Surely man, who has conquered the forces of Nature, who in the fields of science and invention has astonished Christendom with his genius, is not going to confess utter failure in the altruistic field? We need not be altogether discouraged with the progress made and we should be hopeful for the future.

Two Nations' Task

"What is a nation but an aggregation of individuals? If public opinion can banish duelling from among men it can drive international duelling from among nations. The task is harder, that is all; but we are craven-hearted if we shrink from the task.

"I would ask you to keep this in mind when I speak of the great need for the development of the most cordial relations between your great republic and our great Empire, because these two great commonwealths are bound to be the custodians of civilization, the centre from which the light of righteous public opinion must radiate to illumine the whole world.

Amid Industrial Troubles

"If it is imperative to remove war as a means of settling disputes between nations, it is to an almost equal degree necessary to remove industrial war as a means of settling industrial disputes.

Has the lawyer any business in this field? Why not? Legal principles must be applied, first in the removal of causes of complaint and then when removed to the protection of the general public because there are neutrals in every industrial conflict.

Some Causes of Trouble

"What is behind industrial conflict? Reflect upon it, get down to fundamentals, and you will find the same forces behind industrial war and international disputes. What is it? It is the acquisitive and combative instincts in man. Both instincts perfectly praiseworthy if controlled; fearful in their consequences if not controlled.

"Again public opinion is the solvent. It is the beneficent rays of public opinion that can break the crust of suspicion and doubt in the minds of capital and labor, which today is keeping them at arm's length instead of arms locked.

Common Law Unchangeable

"I ask, is it within our sphere as lawyers to formulate principles applicable to the economic and industrial situation? Who can doubt it? Laws human and divine are the fingerposts pointing the way to safety.

"It is true that law is not an exact science like scientific or natural laws. They are fixed and immutable. In the scientific world one can state with accuracy that certain phenomena is bound to occur because the laws governing it are fixed.

"But law as applied to humanity, to property, persons and things, is not fixed and immutable. What we call the common law or what is really great underlying principles, is fixed except insofar as inroads are made upon it by legislative enactment. Great principles do not change, but their application to varying conditions of society do change.

"It is therefore peculiarly within the field of law to apply its principles to economic and industrial questions. You will find down throughout the ages the records of great law-givers beginning with Moses, sages, with their heads above the crowd, ever standing in the breach directing the great channel of humanity, meandering along with heads down engrossed in their own petty spites and rivalries into safe and sane success. The record of their achievements forms the beacon lights of history.

"As time goes on and life becomes more complex and contending interests more venomous, the need for this leadership and direction of the tide of humanity is intensified. Leadership and direction in these latter days comes in a silent, subtle, yet sure-footed way from the inculcation in the public mind of great principles from which public opinion is formed.

Legal Torch Needed

"Are there any pitfalls ahead of us as a society or as a nation into which we need not stumble if the great torch of law tempered with love, humanity, good-fellowship, commonsense, mutuality and helpfulness is held aloft to illumine our pathway? There are such pitfalls. He who runs may read. The torch is needed. Be yours to hold it high.

"We must build a new social edifice for the future, not in a hurried radical manner—good building cannot be done in a hurry — but by gradual processes, advancing step by step here and there. To-day and for centuries past the natural wealth of our bounteous Mother Earth has been so developed that it contributes its millions to the few and its pennies to the many. Oh, but you say property rights must be respected; initiative and inventive genius must be rewarded. Quite true. Man must derive to a reasonable degree the benefit of new discoveries in acquiring new sources of wealth. But let us be reasonable. Let us not smother the few in wealth and leave the many ill-provided for out of what is after all the natural wealth of all."
